October 25, 2022

Dear CCSD 46 Community,

I wish to express my gratitude to our community for working together to keep students and staff safe yesterday. Staff members changed course a number of times as our information about the situation changed, and they did so with understanding and flexibility. Our students were outstanding at following directions. I also greatly appreciate our parent/guardian community, as you displayed support of our actions, knowing that safety is a high and shared priority.

Today, we returned to our normal procedures, but with a heightened sense of alert, which is the "A" in our ALICE training. If at any time law enforcement officials let us know that there is again the possibility of danger in our geographical area, we are prepared to return to a soft lockdown.

As a reminder, ALICE training for our students will occur this week. All schools are conducting the training either Wednesday or Thursday. As was indicated in individual school newsletters last week, grade-banded trainings have been posted on the [Parent/Student Resources page](#) of our website so that parents and guardians can review them. Yesterday's activity in our community, coupled with a school shooting that occurred in St. Louis yesterday, highlighted the importance of this training.

Thank you again for your partnership as we work together to keep our school communities safe.

Sincerely,

Dr. Lynn Glickman
Superintendent
CCSD 46
