

# Exchange Summary

Lynn Glickman, Grayslake Community Consolidated School District  
#46

March 27, 2023

What are your key takeaways from the Educational Adequacy Facilities Study, and what are you still wondering about regarding our facilities? (These are two separate questions, so please respond separately with as many answers as you have for TAKEAWAYS and as many answers as you have for WONDERING.)

## THOUGHTS

### Key Thoughts

**As a student at 127 now, I would have loved to have STEM Labs!** Grayslake kids are missing out.

4.3  (41 )

Ranked #1 of 54

**Educational Adequacy of our buildings is a integral to our student's success** Students spend a large amount of time in our schools - the buildings should reflect our vision and values

4.3  (41 )

Ranked #2 of 54

**Invest in neighborhood schools** Keeps the Grayslake community strong

4.2  (48 )

Ranked #3 of 54

**Learning Spaces: some buildings have collaborative learning spaces for students, some do not** There are inequities in our buildings today

4.2  (30 )

Ranked #4 of 54

**Takeaway: exciting time for D46 and the potential to make our learning spaces more current (ex:STEM lab and collaborative learning spaces)** Wondering how this will all happen, how do you prioritize but make it equitable?

4.2  (27 )

Ranked #5 of 54

## THOUGHTS Buildings

**Educational Adequacy of our buildings is a integral to our student's success** Students spend a large amount of time in our schools - the buildings should reflect our vision and values

4.3  (41 )

**We haven't invested in our buildings for 15-20 years.** If we want families to move here, then we have to make our schools better. They have other options in nearby districts that have modern classrooms.

4.1  (42 )

**The district is following through on its Strategic Plan goals** It is important because our buildings are our assets and need to be protected

4.0  (42 )

## THOUGHTS Spaces

- Learning Spaces: some buildings have collaborative learning spaces for students, some do not** There are inequities in our buildings today 4.2  (30 )
- Takeaway: exciting time for D46 and the potential to make our learning spaces more current (ex:STEM lab and collaborative learning spaces)** Wondering how this will all happen, how do you prioritize but make it equitable? 4.2  (27 )
- World Architects are assisting the district to address our hierarchy of needs** We have limited resources, so there needs to be a public engagement around the needs and options 4.0  (42 )
- Key takeaway - the district has to address the funding of its facilities** Years 4-10 are not addressed in the long range capital plan 4.0  (33 )

## THOUGHTS Grayslake

**Invest in neighborhood schools** Keeps the Grayslake community strong

4.2  (48 )

**The Village of Grayslake needs to do more to bring businesses to the area.** Too reliant on Residential tax payers.

3.8  (41 )

**Grayslake schools are inadequately funded** Look at the IL Report Card

3.8  (34 )
