### INDEPENDENT AUDITOR'S REPORT

To the Board of Education Grayslake Community Consolidated School District No. 46 Grayslake, Illinois

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of

Grayslake Community Consolidated School District No. 46

as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Grayslake Community Consolidated School District No. 46 as of June 30, 2019, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Other Matters**

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, IMRF Schedule of Changes in the Employer's Net Pension Liability and Related Ratios, IMRF Schedules of Employer Contribution, TRS Schedule of the Employer's Proportionate Share of the Net Pension Liability, TRS Schedule of Employer Contributions, THIS Schedule of the Employer's Proportionate Share of the Net OPEB Liability, THIS Schedule of Employer Contributions, OPEB Schedule of Changes in the Employer's Net OPEB Liability and Related Ratios, OPEB Schedule of Employer Contributions and budgetary comparison information listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements. is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplemental information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements.

The supplemental information and the Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information, except for the average daily attendance figure included in the computation of operating expense per pupil and per capita tuition charges, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information and the Schedule of Expenditures of Federal Awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 22, 2020 on our consideration of Grayslake Community Consolidated School District No. 46's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Grayslake Community Consolidated School District No. 46's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Grayslake Community Consolidated School District No. 46's internal control over financial reporting and compliance.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Education Grayslake Community Consolidated School District No. 46 Grayslake, Illinois

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of

Grayslake Community Consolidated School District No. 46

as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise Grayslake Community Consolidated School District No. 46's basic financial statements, and have issued our report thereon dated January 22, 2020.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Grayslake Community Consolidated School District No. 46's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Grayslake Community Consolidated School District No. 46's internal control. Accordingly, we do not express an opinion on the effectiveness of Grayslake Community Consolidated School District No. 46's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control, described in the accompanying Schedule of Findings and Questioned Costs as items 2019-001, 2019-002, that we consider to be material weaknesses.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Grayslake Community Consolidated School District No. 46's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### Grayslake Community Consolidated School District No. 46's Response to Findings

Grayslake Community Consolidated School District No. 46's response to the findings identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. Grayslake Community Consolidated School District No. 46's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### Grayslake Community Consolidated School District No. 46

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2019

The Management's Discussion and Analysis of Grayslake Community Consolidated School District No. 46's (the District) financial performance provides an overall review of the District's financial activities for the year ended June 30, 2019. The management of the District encourages readers to consider the information presented herein in conjunction with the basic financial statements to enhance their understanding of the District's financial performance.

### **Financial Highlights**

- The assets and deferred outflows of resources of the District exceeded its liabilities and deferred inflows of resources at June 30, 2019 by \$2,482,858 (net position).
- The District's total net position increased by \$1,995,881.
- At June 30, 2019 the District's governmental funds reported combined ending fund balances of \$24,345,603, a decrease of \$219,270. 55% of this fund balance is available for spending at the District's discretion (unassigned fund balance \$13,352,224).
- At June 30, 2019 the unassigned fund balance for the General Fund was \$13,352,224, or 24% of total General Fund expenditures.
- The District's total long-term debt decreased by \$1,199,698 during the year ended June 30, 2019 primarily due to scheduled repayment of long-term debt offset by the accretion of interest on capital appreciation bonds.

### **Overview of the Financial Statements**

This discussion and analysis are intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

**Government-Wide Financial Statements.** The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the District's assets and deferred outflows of resources, less its liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating when comparing year to year results.

The Statement of Activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes).

Both of the government-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities). Governmental activities include instruction, support services, operations and maintenance,

transportation, food services, and certain other activities and expenses such as payments to other districts and governmental units, and interest and fees.

The government-wide financial statements can be found on pages 13 and 14 of this report.

**Fund Financial Statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into two categories: governmental funds and fiduciary funds (the District maintains no proprietary funds).

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains six individual governmental funds. Information is presented separately in the governmental fund Balance Sheet and in the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances for the General, Operations and Maintenance, Debt Services, Transportation, Illinois Municipal Retirement/Social Security, and Capital Projects Funds, all of which are considered to be major funds.

The District adopts an annual budget for each of the funds listed above. A budgetary comparison statement, which is required supplementary information, has been provided for the General Fund and each major special revenue fund to demonstrate compliance with this budget.

The basic fund financial statements can be found on pages 15 through 19 and the required supplementary information can be found on pages 49 through 67 of this report.

Fiduciary Funds - Fiduciary funds are used to account for assets held for others, such as student activity funds. Fiduciary funds are not reflected in the government-wide financial statements because the assets of these funds are not available to support the District's operations.

The basic fiduciary fund financial statement can be found on page 20 of this report.

**Notes to the Financial Statements** - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 21 through 48 of this report.

**Other Information** - In addition to the basic financial statements, accompanying notes, and required supplementary information, this report also presents certain supplementary information concerning the District's progress in meeting its obligation to provide fully adequate educational services and extracurricular activities to all of its resident's students.

Supplemental financial information can be found on pages 68 through 80 of this report.

### **Government-Wide Financial Analysis**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$2,482,858 at the close of the most recent fiscal year.

The following table presents a summary of the District's net position for the years ended June 30, 2019 and 2018:

Grayslake Community Consolidated School District No 46's Net Position at Year-End

	Governmen	ntal Activities							
	FY 2019		FY 2018						
Assets			_						
Current and Other Assets	\$ 47,903,585	\$	48,235,072						
Capital Assets	 62,968,851		61,364,954						
Total Assets	\$ 110,872,436	\$	109,600,026						
Deferred Outflows of Resources									
Defeasance Asset, net of amortization	\$ 2,308,328	\$	2,678,710						
Pension Expense/Revenue	4,220,280		2,520,310						
Total Deferred Outflows of Resources	\$ 6,528,608	\$	5,199,020						
Liabilities									
Other Liabilities	\$ 5,622,779	\$	6,060,715						
Long-Term Liabilities Outstanding	85,759,426		84,326,367						
Total Liabilities	\$ 91,382,205	\$	90,387,082						
Deferred Inflows of Resources	<u>.</u>		_						
Unavailable Revenue - Property Taxes	\$ 18,176,043	\$	17,807,142						
Pension Expense/Revenue	5,359,938		6,117,845						
Total Deferred Inflows of Resources	\$ 23,535,981	\$	23,924,987						
Net Position	 _		_						
Net Investment in Capital Assets	\$ 19,205,421	\$	19,318,378						
Restricted	8,893,402		9,001,067						
Unrestricted	(25,615,965)		(27,832,468)						
Total Net Position	\$ 2,482,858	\$	486,977						

The net investment in capital assets represents assets such as land, buildings, and equipment, less any related debt used to acquire those assets that is still outstanding. The District uses its assets to provide educational services and extracurricular activities for the students of the local community. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The balance of Net Investment in Capital Assets was \$19,205,421 at June 30, 2019.

**Governmental Activities.** Governmental activities increased the District's net position by \$1,995,881. Key elements of this increase are as follows:

	Governmental Activities											
		FY 2019		FY 2018								
Revenues:												
Program Revenues												
Charges for Services	\$	1,398,666	\$	1,584,447								
Operating Grants and Contributions		20,718,391		20,698,017								
Capital Grants and Contributions		34,961		58,401								
General Revenues:												
Property Taxes		35,887,545		35,175,986								
Other Taxes		146,459		124,763								
Grants and Contributions not Restricted												
to Specific Activities		12,610,225		11,637,308								
Unrestricted Investment Earnings		528,240		304,624								
Gain/(Loss) on Sale of Capital Assets		-		(3,017)								
Miscellaneous		70,024		161,397								
Total Revenues	\$	71,394,511	\$	69,741,926								
Expenses:												
Instruction	\$	26,614,160	\$	26,479,033								
Support Services		19,307,231		18,374,374								
Community Services		52,917		53,855								
Payments to Other Districts and Governmental Units		1,646,225		1,803,191								
Interest and Fees on Long-Term Debt		2,342,825		2,746,196								
On-Behalf Retirement Contributions		16,337,293		15,649,218								
Depreciation - Unallocated		3,097,979		2,970,137								
Total Expenses	\$	69,398,630	\$	68,076,004								
Change in Net Position	\$	1,995,881	\$	1,665,922								
Net Position - Beginning		486,977		23,650,917								
Net Position Adjustment				(24,829,862)								
Net Position - Ending	\$	2,482,858	\$	486,977								

- The District's total revenues increased by \$1,652,585 compared to the prior year. The most significant changes were: an increase in Property Taxes of \$711,559 compared to the prior year due mainly to receiving more levies from the County and an increase in Grants and Contributions not Restricted to Specific Activities of \$972,917 compared to the prior year due mainly to an increase in General State Aid revenue.
- The District's total expenses increased by \$1,322,626. The most significant changes were: an increase in On-Behalf payments of \$688,075 compared to the prior year, and an increase in Instruction and Support Services expenses of \$1,067,984 compared to the prior year.

### **Financial Analysis of the District's Funds**

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds.** The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the District's net resources available for spending at the end of the fiscal year.

As of June 30, 2019, the District's six governmental funds reported combined ending fund balances of \$24,345,603, a decrease of \$219,270 from the prior year.

General Fund – The greatest variety and the largest volume of transactions shall be recorded in the General Fund because the General Fund covers transactions that are not specifically covered

in another fund. Certain expenditures that must be charged to this fund include the direct costs of instructional, health, and attendance services, lunch programs, all costs of administration, and related insurance costs. Certain revenues that must be credited to this fund include instruction tax levies, tuition, and textbook rentals.

• At June 30, 2019 the General Fund had an unassigned fund balance of \$13,352,224. This unassigned fund balance represents 24% of total General Fund expenditures.

The Operations and Maintenance Fund's fund balance increased by \$349,572 in comparison with the prior year. This change is due to an increase in property tax revenue and a decrease in capital outlay expenses.

The Debt Services Fund's fund balance increased by \$57,514 in comparison with the prior year. This increase is due to property taxes exceeding scheduled debt payments.

The Transportation Fund's fund balance increased by \$412,069 in comparison with the prior year. This change is due to a decrease in transportation costs.

The Illinois Municipal Retirement/Social Security Fund's fund balance increased by \$109,001 in comparison with the prior year. This increase is due to property taxes that exceeded the current year expenditures.

The Capital Projects Fund's fund balance decreased by \$793,945 in comparison with the prior year due to significant capital projects being completed during the year.

### **General Fund Budgetary Highlights**

Significant differences between budgeted and actual revenues and expenditures are summarized as follows:

- The difference between budgeted revenues and actual revenues in the General Fund was \$1,631,548 (unfavorable) which is 3% of total revenues. The most significant factor was that the District did not budget for the decrease of the On-Behalf Retirement Contributions from the State of Illinois.
- The difference between budgeted expenditures and actual expenditures in the General Fund was \$1,086,302 (favorable) which is 2% of total expenditures. The most significant factor was the decrease of the On-Behalf Retirement Contributions from the State of Illinois.

### **Capital Asset and Debt Administration**

**Capital Assets.** At June 30, 2019 the District had invested \$62,968,851 (net of depreciation) in a broad range of capital assets, including land, building and building improvements, site improvements and infrastructure, and capitalized equipment. Total depreciation expense for the year was \$3,779,029.

Major capital asset events during the current fiscal year included the following:

- Solar panel project (construction in progress as of June 30, 2018) at Grayslake Middle School, Frederick School, Park School, and Prairieview School in the amount of \$6,502,921.
- Bus drop off project at Frederick School in the amount of \$249,027.

### Grayslake Community Consolidated School District No. 46's Capital Assets (net of depreciation)

		ities		
		2019		2018
Land	\$	2,265,169	\$	2,265,169
Building and Building Improvements		58,488,908		54,451,049
Site Improvements and Infrastructure		1,548,767		1,430,773
Capitalized Equipment		666,007		1,042,830
Construction in Progress		<u>-</u> _		2,175,133
Total	\$	62,968,851	\$	61,364,954

Additional information on the District's capital assets can be found in note 4 on page 27 and 28 of this report.

**Long-Term Debt.** At June 30, 2019 the District had \$50,843,828 in long-term debt.

Grayslake Community Consolidated School District No. 46's Outstanding Debt

Governmen	tal Ac	tivities
2019		2018
\$ 50,843,828	\$	52,043,526
\$ 50,843,828	\$	52,043,526
\$ \$	2019 \$ 50,843,828	\$ 50,843,828 \$

Additional information on the District's long-term debt can be found in note 5 on pages 28 and 29 of this report.

### **Economic Factors and Next Year's Budget**

For five years in a row, the property values within the boundary of the District realized an overall increase in Equalized Assessed Value (2014 - \$535,683,256; 2015 - \$559,368,747; 2016 - \$613,358,204; 2017 - \$659,639,906; 2018 - \$693,954,245). The reversal from a downward to an upward trend is expected to continue as housing prices continue to show strong growth resulting in decreasing tax rates for the community.

In accordance with inflationary projections, costs associated with purchases including equipment, service, and supplies will continue to increase. The District's main recourse for collecting additional revenues to offset these increases is the levy process. This process uses the lesser of 5% or the Consumer Price Index to cap additional local tax revenue. The December CPI in 2018 was finalized at 1.9%. This represents the anticipated increase the District plans to request during the 2019 levy process.

Under Illinois' Evidence Based Funding (EBF) disbursements, the District is a Tier 1 entity and therefore eligible for additional funding above the base funding minimum. In fiscal year 2019, the District received a total of \$12.6 million through EBF.

In the prior year, the District installed solar panels in several locations. The solar project was financed from fund balance and the issuance of debt certificates. The District continues to pay down the debt associated with the solar project and anticipates a potential expansion of solar panels to other school buildings in the future.

The Collective Bargaining Agreement that was reached in December of 2017 affected salaries for 2017-18 and 2018-19. In February 2019, the District began negotiating salaries for school years 2019-2020 and 2020-2021. Agreement on salaries was reached in November 2019 for salary increases for teachers and support staff through the balance of the current contract terms. The salary increases for the union membership for 2019-2020 is 4.0% and for 2020-2021 is 3.6%.

The potential for pension shifts and property tax freezes continue to loom over the public education sector. The District will continue to monitor activity in the State legislature and adjust its practices accordingly.

### **Requests for Information**

This financial report is designed to provide the District's citizens, taxpayers, parents, students, investors, and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report, or need additional financial information, contact the District at the following address:

# GRAYSLAKE COMMUNITY CONSOLIDATED SCHOOL DISTRICT NO. 46 FUND FINANCIAL STATEMENTS RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES YEAR ENDED JUNE 30, 2019

Net Change in Fund Balances - Total Governmental Funds

\$ (219,270)

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeds depreciation expense in the current period.

Depreciation Expense	\$ (3,125,662)
Capital Outlays	4,729,557
	1,603,895

Long-term debt proceeds provide current financial resources to governmental funds and are therefore shown as revenue in the Statement of Revenues, Expenditures, and Changes in Fund Balances, but issuing debt increases long-term liabilities in the Statement of Net Assets and is therefore not reported in the Statement of Activities.

Proceeds from Long-Term Debt (4,000,000)

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Amortization of Defeasance Asset	\$ (370,382)
Amortization of Bond Premiums	489,229
Accrued Interest on Long-Term Debt	2,830
Accreted Interest	(1,005,303)
Compensated Absences	(75,312)
Pension Expense	(1,753,747)
·	(2,712,685)

Employer Pension Contributions are expensed in the fund financial statements but are treated as a reduction in the Net Pension Liability on the government-wide financial statements.

1,118,940

Repayment of long-term debt requires the use of current financial resources of governmental funds and is therefore shown as an expenditure in the Statement of Revenues, Expenditures, and Changes in Fund Balances, but the repayment reduces long-term liabilities in the Statement of Net Position and is therefore not reported in the Statement of Activities.

Repayment of Long-Term Debt 6,205,001

Change in Net Position of Governmental Activities \$ 1,995,881

Total Liabilities	\$	87,796

## GRAYSLAKE COMMUNITY CONSOLIDATED SCHOOL DISTRICT NO. 46 NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Grayslake Community Consolidated School District No. 46's (District) accounting policies conform to generally accepted accounting principles as applicable to local education agencies.

The District's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The most significant accounting policies used by the District are discussed below.

### A. Reporting Entity

The accompanying financial statements comply with the provisions of GASB Statements, in that the financial statements include all organizations, activities, and functions that comprise the District. Component units are legally separate entities for which the District (the primary entity) is financially accountable. Financial accountability is defined as the ability to appoint a voting majority of the organization's governing body and either (1) the District's ability to impose its will over the organization or (2) the potential that the organization will provide a financial benefit to, or impose a financial burden on, the District. Using these criteria, the District has no component units. In addition, the District is not included as a component unit in any other governmental reporting entity as defined by GASB pronouncements.

### B. Basic Financial Statements – Government-Wide Statements

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund (reporting the District's major funds) financial statements. Both the government-wide and fund financial statements categorize all of the primary activities of the District as governmental activities. The District does not have any business-type activities.

In the government-wide Statement of Net Position, the governmental activities column (a) is presented on a consolidated basis, and (b) is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The District's net position is reported in three parts – net investment in capital assets; restricted net position; and unrestricted net position. The District first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions. The functions are also supported by general government revenues (property taxes, personal property replacement taxes, grants and contributions not restricted to specific activities, unrestricted investment earnings, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function (regular programs, special education programs, payments to other districts and governmental units, etc.). Program revenues include charges to those who purchase, use, or directly benefit from goods, services, or privileges provided by a given function. Program revenues also include grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function) are normally covered by general revenue (property taxes, personal property replacement taxes, grants and contributions not restricted to specific activities, unrestricted investment earnings, etc.).

The District does not allocate indirect costs.

This government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

### C. Basic Financial Statements – Fund Financial Statements

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The emphasis in fund financial statements is on the major funds. Nonmajor funds are summarized into a single column. GASB Statement No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues, or expenditures/expenses of all governmental funds) for the determination of major funds. The District electively made all governmental funds major funds.

The following fund types are used by the District:

### 1. Governmental Fund Types

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The District reports these major governmental funds and fund types:

<u>General Fund</u> – The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. Educational, Working Cash, and Tort levies are included in this fund.

<u>Special Revenue Funds</u> – The Special Revenue Funds (Operations and Maintenance Fund, Transportation Fund, Illinois Municipal Retirement/Social Security Fund) are used to account for the proceeds of specific revenue sources that are restricted, committed, or assigned to expenditures for specified purposes other than debt service and capital projects.

<u>Debt Services Fund</u> – The Debt Services Fund is used to account for financial resources that are restricted, committed, or assigned to expenditures for the periodic payment of principal, interest and related fees on general long-term debt.

<u>Capital Projects Fund</u> – The Capital Projects Fund is used to account for financial resources that are restricted, committed, or assigned to expenditures for the acquisition or construction of major capital facilities.

### 2. Fiduciary Funds

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support the District's programs. The reporting focus is on net position and is reported using generally accepted accounting principles.

The District's fiduciary fund is presented in the fiduciary fund financial statement by type (agency). Since by definition these assets are being held for the benefit of a third party (student organizations) and cannot be used to address activities or obligations of the District, these funds are not incorporated into the government-wide statements.

The following is a description of the fiduciary fund of the District:

<u>Agency Fund</u> – The Agency Fund (Student Activity Fund and Convenience Accounts) accounts for assets held by the District as an agent for the student organizations. These funds are custodial in nature and do not involve the measurement of the results of operations. The amounts due to student organizations are equal to the assets.

### D. Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

### 1. Accrual

The governmental activities in the government-wide financial statements and the fiduciary fund financial statements are presented on the accrual basis of accounting. Property taxes are reported in the period for which levied. Other nonexchange revenues, including intergovernmental revenues and grants, are reported when all eligibility requirements have been met. Fees and charges and other exchange revenues are recognized when earned and expenses are recognized when incurred.

### 2. Modified Accrual

The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year-end. Property tax revenues are recognized in the period for which levied provided they are also available. Intergovernmental revenues and grants are recognized when all eligibility requirements are met, and the revenues are available.

Expenditures are recognized when the related liability is incurred. Exceptions to this general rule include principal and interest on general obligation long-term debt and employee vacation and sick leave, which are recognized when due and payable.

### E. Cash and Cash Equivalents and Investments

Separate bank accounts are not maintained for all of the District's funds. Instead, the funds maintain their cash balances in common accounts, with accounting records being maintained to show the portion of the common bank account balances attributable to each participating fund.

Occasionally certain of the funds participating in the common bank account will incur overdrafts (deficits) in the account. Such overdrafts in effect constitute cash borrowed from other District funds and are, therefore, interfund loans that have not been authorized by District Board action.

No District fund had a cash overdraft at June 30, 2019.

The District has defined cash and cash equivalents to include cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Cash equivalents are accounted for at cost, which approximates market.

Investments are stated at fair value. Fair value is determined by quoted market prices. Gains or losses on the sale of investments are recognized as they are incurred. The District has adopted a formal written investment and cash management policy.

### F. Receivables

All receivables are reported net of estimated uncollectible amounts.

### G. Prepaid Expenses

Prepaid expenses are for payments made by the District in the current year for goods and services received in the subsequent fiscal year.

### H. Inventories

No inventory accounts are maintained to reflect the values of resale or supply items on hand. Instead, the costs of such items are charged to expense when purchased. The value of the District's inventories is not deemed to be material.

### I. Interfund Activity

Interfund activity is reported either as loans, services provided, reimbursements, or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. All other interfund transactions are treated as transfers. Transfers between governmental funds are netted as part of the reconciliation to the government-wide financial statements.

### J. Capital Assets

Capital assets purchased or acquired with an original cost of \$2,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date of donation. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Building and Building Improvements 20 - 40 years Site Improvements and Infrastructure 20 - 50 years Capitalized Equipment 5 - 20 years

### K. Deferred Outflows and Inflows of Resources

In addition to assets and liabilities, the Balance Sheet(s) and Statement(s) of Net Position will sometimes report separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and therefore will not be recognized as an outflow of resource until then. Deferred inflows of resources represent an acquisition of net position that applies to a future period and therefore will not be recognized as an inflow of resource until that time.

### L. Compensated Absences

Vacation benefits and unused sick days are granted to employees in varying amounts up to specified maximums depending on tenure with the District. Unused vacation time can accumulate and carryover to subsequent years up to specified maximums. However, as vacation benefits are not paid out upon termination, no provision for compensated absences liability is included in the financial statements. The unused sick days can be carried over and teachers that have been employed for five or more years are entitled to be paid for the past five years of unused sick days. This will be paid out at 50% of a regular substitute teacher's daily rate.

### M. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds on a straight-line basis. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

### N. Government-Wide Net Position

Government-wide net position is divided into three components:

- Net investment in capital assets consists of capital assets (net of accumulated depreciation)
  reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are
  attributable to the acquisition, construction, or improvement of those assets.
- Restricted net position consists of net position that is restricted by the District's creditors (for example, through debt covenants), by the state enabling legislation (through restrictions on shared revenues), by grantors (both federal and state), and by other contributors.
- Unrestricted net position all other net positions are reported in this category.

### O. Governmental Fund Balances

Governmental fund balances are divided between nonspendable and spendable.

Nonspendable fund balances are balances that cannot be spent because they are not expected to be converted to cash or they are legally or contractually required to remain intact.

The spendable fund balances are arranged in a hierarchy based on spending constraints.

- Restricted Restricted fund balances are restricted when constraints are placed on the use by either (a) external creditors, grantors, contributors, or laws or regulations of other governments or (b) law through constitutional provisions or enabling legislation.
- Committed Committed fund balances are amounts that can only be used for specific purposes as
  a result of a resolution of the Board of Education. Committed amounts cannot be used for any other
  purpose unless the Board of Education removes those constraints by way of resolution. Committed
  fund balances differ from restricted balances because the constraints on their use do not come from
  outside parties, constitutional provisions, or enabling legislation.
- Assigned Assigned fund balances are amounts that are constrained by the District's intent to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by an appointed body (e.g. a budget or finance committee) or official to which the Board of Education has delegated the authority to assign, modify or rescind amounts to be used for specific purposes. The District has not delegated this authority to an appointed body or official. All assigned fund balances are the residual amounts of the fund.
  - Assigned fund balances also include (a) all remaining amounts that are reported in governmental funds (other than the General Fund) that are not classified as nonspendable, restricted or committed, and (b) amounts in the General Fund that are intended to be used for a specific purpose. Specific amounts that are not restricted or committed in a special revenue, capital projects or debt services fund are assigned for purposes in accordance with the nature of their fund type. Assignment within the General Fund conveys that the intended use of those amounts is for a specific purpose that is narrower than the general purpose of the District itself.
- Unassigned Unassigned fund balance is the residual classification for the General Fund. This
  classification represents the General Fund balance that has not been assigned to other funds, and
  that has not been restricted, committed, or assigned to specific purposes within the General Fund.

Unassigned fund balance in the General Fund also includes amounts levied and/or borrowed for working cash. This classification is also used to represent negative fund balances in special revenue, debt services, and capital projects funds.

The District permits funds to be expended in the following order: Restricted, Committed, Assigned, and Unassigned.

### P. Property Tax Calendar and Revenues

The District's property tax is levied each calendar year on all taxable real property located in the District's district on or before the last Tuesday in December. The 2018 levy was passed by the Board on December 5, 2018. Property taxes attach as an enforceable lien on property as of January 1 of the calendar year they are for and are payable in two installments early in June and early in September of the following calendar year. The District receives significant distributions of tax receipts approximately one month after these dates.

### Q. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

### **NOTE 2 - DEPOSITS AND INVESTMENTS**

Deposits with financial institutions are fully insured or collateralized by securities held in the District's name.

The District is allowed to invest in securities as authorized by the <u>School Code of Illinois</u>, Chapter 30, Section 235/2 and 6; and Chapter 105, Section 5/8-7.

Custodial Credit Risk. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District has a policy that all deposits and investments in excess of any insurance shall be collateralized by pledged securities in accordance with the Public Fund Investment Act, 30 ILCS 235. As of June 30, 2019, \$0 of the District's bank balance of \$29,688,356 was exposed to custodial credit risk.

### Investments

As of June 30, 2019, the District had the following investments and maturities:

		mvesimeni
		Maturities (in Years)
Investment	Fair Value	Less Than 1
State Investment Pool	\$ 21,408,795	\$ 21,408,795

The fair value of investments in the State Investment Pool is the same as the value of pool shares. The State Investment Pool is not SEC-registered but does have regulatory oversight through the State of Illinois.

*Interest Rate Risk.* The District's investment policy limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

*Credit Risk.* State law limits investments based on credit risk. The District's investment policy further limits its investment choices to ensure that capital loss, whether from credit or market risk, is avoided. As of June 30, 2019, the District's investments were rated as follows:

Investment	Credit Rating	Rating Source
State Investment Pool	AAAm	Standard and Poor's

### **NOTE 3 - FAIR VALUE MEASUREMENT**

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The District has the following recurring fair value measurements as of June 30, 2019:

			Fair Value Measurements Using:					
			Quoted	Prices in	9	Significant		
			Active	Markets	Other			
			for lo	dentical	Observable			
Investments by fair value level	(	6/30/2019	Assets	(Level 1)	Inp	uts (Level 2)		
Certificates of Deposit	\$	3,170,843	\$	-	\$	3,170,843		
Term Series		5,200,000		-		5,200,000		
Total Investments by fair value level	\$	8,370,843	\$	-	\$	8,370,843		

Debt and equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

### **NOTE 4 - CAPITAL ASSETS**

Capital asset activity for the year ended June 30, 2019 was as follows:

	Balance July 1, 2018				Increases	Decreases			Balance June 30, 2019		
Governmental Activities Capital Assets not being depreciated											
Land	\$ 2,265,169	\$	-	\$	-	\$	-	\$	2,265,169		
Construction in Progress	 2,175,133						2,175,133				
Total Capital Assets not being depreciated	\$ 4,440,302	\$	-	\$	-	\$	2,175,133	\$	2,265,169		
Other Capital Assets											
Building and Building Improvements	\$ 92,047,372	\$	8,728	\$	6,547,989	\$	-	\$	98,604,089		
Site Improvements and Infrastructure	4,118,290		-		300,853		-		4,419,143		
Capitalized Equipment	 5,502,119		(8,728)		55,849		6,573		5,542,667		
Total Other Capital Assets at historical cost	\$ 101,667,781	\$		\$	6,904,691	\$	6,573	\$	108,565,899		
Less Accumulated Depreciation for											
Building and Building Improvements	\$ 37,596,323	\$	(2)	\$	2,518,860	\$	-	\$	40,115,181		
Site Improvements and Infrastructure	2,687,517		1		182,858		-		2,870,376		
Capitalized Equipment	 4,459,289		-		423,944		6,573		4,876,660		
Total Accumulated Depreciation	\$ 44,743,129	\$	(1)	\$	3,125,662	\$	6,573	\$	47,862,217		
Other Capital Assets, Net	\$ 56,924,652	\$	1	\$	3,779,029	\$	-	\$	60,703,682		
Governmental Activities Capital Assets, Net	\$ 61,364,954	\$	1	\$	3,779,029	\$	2,175,133	\$	62,968,851		

Depreciation expense was charged to functions as follows:

### **Governmental Activities**

Food Services	\$ 13,899
Operations and Maintenance	13,784
Unallocated	 3,097,979
Total Governmental Activities Depreciation Expense	\$ 3,125,662

### **NOTE 5 - LONG-TERM LIABILITY ACTIVITY**

Long-term liability activity for the year ended June 30, 2019 was as follows:

		Balance July 1, 2018		Interest Accretion		Additions	ı	Retirement	.lı	Balance ine 30, 2019		Amounts Due Within One Year

	_				_							

Bonds and notes payable consisted of the following at June 30, 2019:

	Maturity Date	Interest Rate	Face Amount			Carrying Amount
Capital Appreciation Bonds, 2000	12/1/2018	8.95%	\$	9,449,899	\$	-
Capital Appreciation Bonds, 2001	5/1/2021	8.99%		3,999,955		8,812,905
Capital Appreciation Bonds, 2002	1/1/2022	8.75%		3,497,696		3,459,783
General Obligation Refunding Bonds, 2012	11/1/2024	1.00%-4.00%		8,990,000		8,595,000
General Obligation Refunding Bonds, 2014	11/1/2025	2.00%-3.00%		8,750,000		7,700,000
General Obligation Refunding Bonds, 2015	11/1/2023	1.45%-5.00%		21,005,000		18,250,000
Government Obligation Contract, 2018	7/1/2021	8.97%		43,622		26,140
Debt Certificate, Series 2018	8/29/2023	3.50%		4,000,000		4,000,000

In prior years, the District defeased certain general obligation bonds by placing the proceeds of new bonds in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded debt. Accordingly, the trust account assets and liability for the defeased bonds are not included in the District's financial statements. At June 30, 2019, a total of \$46,215,000 of bonds is considered defeased.

At June 30, 2019 the annual debt service requirements to service long-term debt are:

Year Ending June 30	Principal		Interest	Total
2020	\$ 7,074,764	\$	2,117,064	\$ 9,191,828
2021	6,706,620		1,589,126	8,295,746

Other Long-Term Obligations		-		32,255,099		32,255,099
	\$	7,563,993	\$	78,195,433	\$	85,759,426

### **NOTE 6 - INTERFUND BALANCES**

There were no interfund balances at June 30, 2019.

### **NOTE 7 - DEFICIT FUND BALANCE**

No fund had a deficit fund balance at June 30, 2019.

### **NOTE 8 - PROPERTY TAXES**

Property taxes recorded in these financial statements as property taxes receivable and unavailable revenue are from the 2018 tax levy. The unavailable revenue is 50% of the 2018 tax levy. These taxes are unavailable as only a portion of the taxes (approximately 50%) are collected before the end of the fiscal year and the District does not consider the remaining amounts to be available and does not budget for their use until the following fiscal year. The District has determined that 50% of the 2018 tax levy (\$18,176,043) and 50% of the 2017 tax levy, plus back taxes, less uncollectible amounts (\$17,711,502) are allocable for use in fiscal year 2019. Therefore, 50% of each of these levies are recorded in these financial statements as property taxes revenue. A summary of tax rates, assessed valuations, and extensions for tax years 2018, 2017, and 2016 is as follows:

TAX YEAR	2018		2017			2016			
ASSESSED VALUATION	\$69	\$693,954,245		\$659,639,906			\$613,358,204		
	Rate	Extension		Rate	Extension		Rate Extension		Extension
Educational	3.2042	\$	22,235,557	3.3038	\$	21,793,322	3.3515	\$	20,556,498
Special Education	-		-	-		-	0.0812		497,961
Operations and Maintenance	0.5044		3,500,000	0.5065		3,341,076	0.5498		3,372,513
Debt Service	1.1147		7,735,216	1.1727		7,735,492	1.2609		7,733,736
Transportation	0.1744		1,209,999	0.1719		1,134,040	0.2144		1,314,991
Municipal Retirement	0.1009		699,999	0.0927		611,440	0.0978		599,999

SEDOL IMRF	0.0060		41,311	0.0070		45,944	0.0073		44,671
Working Cash	0.0000		7	0.0034		22,711	0.0041		25,000
Tort	0.0187		129,999	0.0245		161,321	0.0255		156,100
	5.2384	\$	36,352,085	5.3990	\$	35,614,282	5.7049	\$	34,991,472

### **NOTE 9 - OVEREXPENDITURE OF BUDGET**

For the year ended June 30, 2019, the expenditures of the following funds exceeded the budget:

			Excess of Actual	
Fund	Budget	Actual	Over Budget	
Debt Services	\$ 7,663,651	\$ 7,664,200	\$ 549	

### **NOTE 10 - OPERATING LEASES, AS LESSEE**

The District has various lease agreements for copiers.

Annual requirements to cover the outstanding lease agreements are:

Year Ending June 30	Tota	Total Payments			
2020	\$	360,359			
2021		335,564			
	\$	695,923			

Total rental expense for lease agreements for the year ended June 30, 2019 was \$198,547.

### **NOTE 11 - RETIREMENT FUND COMMITMENTS**

A. Teachers' Retirement System of the State of Illinois

General Information About the Pension Plan

### Plan Description

The District participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at http://www.trsil.org/financial/cafrs/fy2017; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888) 678-3675, option 2.

#### Benefits Provided

TRS provides retirement, disability, and death benefits. Tier I members have TRS or reciprocal system service prior to January 1, 2011. Tier I members qualify for retirement benefits at age 62 with five years of service, at age 60 with ten years, or age 55 with 20 years. The benefit is determined by the average of the four highest years of creditable earnings within the last ten years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2% of final average salary up to a maximum of 75% with 34 years of service. Disability and death benefits are also provided.

Tier II members qualify for retirement benefits at age 67 with ten years of service, or a discounted annuity can be paid at age 62 with ten years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Disability provisions for Tier II are identical to those of Tier I. Death benefits are payable under a formula that is different from Tier I.

Essentially all Tier I retirees receive an annual 3% increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier II annual increases will be the lesser of 3% of the original benefit or ½% of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier III hybrid retirement plan, but it has not yet gone into effect. The earliest possible implementation date is July 1, 2020. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2021. One program allows retiring Tier 1 members to receive a partial lump-sum payment in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs will begin in 2019 and will be funded by bonds issued by the state of Illinois.

#### **Contributions**

The State of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2018 was 9.0% of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

On-Behalf Contributions to TRS. The State of Illinois makes employer pension contributions on behalf of the District. For the year ended June 30, 2019, State of Illinois contributions recognized by the District were based on the State's proportionate share of the collective net pension liability associated with the District, and the District recognized revenue and expenditures of \$16,070,997 in pension contributions from the State of Illinois.

<u>2.2 Formula Contributions.</u> Employers contribute 0.58% of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2019 were \$129,730 and are deferred because they were paid after the June 30, 2018 measurement date.

<u>Federal and Special Trust Fund Contributions.</u> When TRS members are paid from federal and special trust funds administered by the employer, there is a statutory requirement for the employer to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

For the year ended June 30, 2019, the District pension contribution was 9.85% of salaries paid from federal and special trust funds. For the year ended June 30, 2019, salaries totaling \$99,951 were paid from federal and special trust funds that required District contributions of \$9,845. These contributions are deferred because they were paid after the June 30, 2018 measurement date.

Employer Retirement Cost Contributions. Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The employer is required to make a one-time contribution to TRS for members granted salary increases over 6% if those salaries are used to calculate a retiree's final average salary. Additionally, beginning with the year ended June 30, 2019, employers will make a similar contribution for salary increases over 3 percent if members are not exempted by current collective bargaining agreements or contracts.

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2019, the District paid \$6,907 to TRS for employer contributions due on salary increases in excess of 6%, \$0 for salary increases in excess of 3 percent and \$0 for sick leave days granted in excess of the normal annual allotment.

### <u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions</u>

At June 30, 2019, the District reported a liability for its proportionate share of the net pension liability (first amount shown below) that reflected a reduction for state pension support provided to the District. The State's support and total are for disclosure purposes only. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District follows below:

District's proportionate share of the Net Pension Liability
State's proportionate share of the Net Pension Liability
associated with the District

Total

\$ 2,497,950

171,120,087

\$ 173,618,037

The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2017 and rolled forward to June 30, 2018. The District's proportion of the net pension liability was based on the District's share of contributions to TRS for the measurement year ended June 30, 2018, relative to the contributions of all participating TRS employers and the State during that period. At June 30, 2018, the District's proportion was 0.003205%, which was an increase of 0.002484 from its proportion measured as of June 30, 2017.

For the year ended June 30, 2019, the District recognized pension expense of \$16,070,997 and revenue of \$16,070,997 for support provided by the State. At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	Net Outflows of Resources		
Differences between expected and actual experience	\$	50,204	\$ (545)	\$	49,659	
Net difference between projected and actual earnings on pension plan						
investments		-	(7,648)		(7,648)	
Changes of assumptions		109,559	(70,797)		38,762	
Changes in proportion and differences between employer contributions and						
proportionate share of contributions		485,808	(1,521,960)		(1,036,152)	
Employer contributions subsequent to						
the measurement date		139,575			139,575	
	\$	785,146	\$ (1,600,950)	\$	(815,804)	

\$139,575 reported as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the reporting year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows in these reporting years:

Year Ending June 30	
2020	\$ (22,865)
2021	(158,423)
2022	(294,943)
2023	(328,529)
2024	 (150,619)
	\$ (955,379)

#### **Actuarial Assumptions**

The total pension liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.50%

Salary Increases varies by amount of service credit
Investment Rate of Return 7.0%, net of pension plan investment
expenses, including inflation

In the June 30, 2018 actuarial valuation, mortality rates were based on the RP-2014 White Collar Table with appropriate adjustments for TRS experience. The rates are based on a fully-generational basis using projection table MP-2017. In the June 30, 2017 actuarial valuation, mortality rates were also based on the RP-2014 White Collar Table with appropriate adjustments for TRS experience. The rates were used on a fully-generational basis using projection table MP-2014.

The long-term (20-year) expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
U.S. equities large cap	15.0%	6.70%
U.S. equities small/mid cap	2.0%	7.90%
International equities developed	13.6%	7.00%
Emerging market equities	3.4%	9.40%
U.S. bonds core	8.0%	2.20%
U.S. bonds high yield	4.2%	4.40%
International debt developed	2.2%	1.30%
Emerging international debt	2.6%	4.50%
Real estate	16.0%	5.40%
Commodities (real return)	4.0%	1.80%
Hedge funds (absolute return)	14.0%	3.90%
Private Equity	15.0%	10.20%
Total	100.0%	

#### Discount Rate

At June 30, 2018, the discount rate used to measure total pension liability was 7.00%, which was the same as the June 30, 2017 rate. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and State contributions will be made at the current statutorily-required rates.

Based on those assumptions, TRS's fiduciary net position at June 30, 2018 was projected to be available to make all projected future benefit payments to current active and inactive members and all benefit recipients. Tier I's liability is partially funded by Tier II members, as the Tier II member contribution is higher than the cost of Tier II benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

### <u>Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate</u>

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point-higher (8.00%) than the current rate.

			Current				
	19	6 Decrease	Di	scount Rate	1	% Increase	
	6.00%			7.00%	8.00%		
Employer's proportionate share		<u> </u>					
of the net pension liability	\$	3,063,500	\$	2,497,950	\$	2,042,513	

#### TRS Fiduciary Net Position

Detailed information about the TRS's fiduciary net position as of June 30, 2018 is available in the separately issued TRS *Comprehensive Annual Financial Report*.

#### B. Illinois Municipal Retirement Fund

#### Plan Description

The District's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The District's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer

public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

#### **Benefits Provided**

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired **before** January 1, 2011 are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last ten years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired **on or after** January 1, 2011 are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last ten years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

#### **Employees Covered by Benefit Terms**

All appointed employees of a participating employer who are employed in a position normally requiring 600 hours (1,000 hours for certain employees hired after 1981) or more of work in a year are required to participate. As of December 31, 2018, the following employees were covered by the benefit terms:

Retirees and beneficiaries currently receiving benefits	84
Inactive Plan members entitled to but not yet receiving benefits	292
Active Plan members	197
Total	573

#### Contributions

As set by statute, the District's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's annual contribution rate for calendar year 2018 was 11.40%. For the fiscal year ended June 30, 2019, the District contributed \$551,280 to the plan. The District also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for

disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

#### **Net Pension Liability**

The components of the net pension liability of the IMRF actuarial valuation performed as of December 31, 2018, and a measurement date as of December 31, 2018, calculated in accordance with GASB Statement No. 68, were as follows:

Total Pension Liability \$ 24,457,274

IMRF Fiduciary Net Position 20,362,733

District's Net Pension Liability 4,094,541

IMRF Fiduciary Net Position as a Percentage

of the Total Pension Liability 83.26%

See the Schedule of Changes in the Employer's Net Pension Liability and Related Ratios in the Required Supplementary Information following the notes to the financial statements for additional information related to the funded status of the plan.

#### **Actuarial Assumptions**

Projected Retirement Age

The total pension liability above was determined by an actuarial valuation performed as of December 31, 2018 using the following actuarial methods and assumptions:

Assumptions

Inflation 2.50%

Salary Increases 3.39% to 14.25% including inflation

Interest Rate 7.25%

Asset Valuation Method Market value of assets

Experience-based Table of Rates, specific to the type of eligibility condition, last updated for the 2017 valuation according to an experience study form

years 2014 to 2016.

For non-disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustments that were applied for non-disabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

#### Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table as of December 31, 2018:

Asset Class	Target Allocation	Projected Return
Equities	37.0%	7.15%
International Equities	18.0%	7.25%
Fixed Income	28.0%	3.75%
Real Estate	9.0%	6.25%
Alternatives	7.0%	
Private Equity		8.50%
Hedge Funds		5.50%
Commodities		3.20%
Cash	1.0%	2.50%
	100.0%	

#### Single Discount Rate

The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

- 1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
- 2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of this discount rate, the expected rate of return on pension plan investments is 7.25%; the municipal bond rate is 3.71%; and resulting single discount rate is 7.25%.

#### Changes in the Net Pension Liability

	Total Pension		Plan Fiduciary		Net Position
		Liability	Net Position		Liability
		(A)		(B)	 (A)-(B)
Balances at December 31, 2017	\$	20,371,182	\$	20,417,195	\$ (46,013)
Changes for the year:					
Service Cost	\$	422,844	\$	-	\$ 422,844
Interest on the Total Pension Liability		1,519,780		-	1,519,780
Differences Between Expected and Actual					
Experience of the Total Pension Liability		2,065,401		-	2,065,401
Changes of Assumptions		715,816		-	715,816
Contributions - Employer		-		899,064	(899,064)
Contributions - Employee		-		381,523	(381,523)
Net Investment Income		-		(890,106)	890,106
Benefit Payments, including Refunds					
of Employee Contributions		(637,749)		(637,749)	-
Other (Net Transfer)		-		192,806	(192,806)
Net Changes	\$	4,086,092	\$	(54,462)	\$ 4,140,554
Balances at December 31, 2018	\$	24,457,274	\$	20,362,733	\$ 4,094,541

#### Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the plan's net pension liability, calculated using a Single Discount Rate of 7.25%, as well as what the plan's net pension liability would be if it were calculated using a single Discount Rate that is 1% lower or 1% higher than the current rate:

				Current			
	1	I% Lower	Dis	scount Rate	1	% Higher	
		6.25%	7.25%		8.25%		
Net Pension Liability/(Asset)	\$	7.348.339	\$	4.094.541	\$	1.421.134	

#### <u>Pension Expense/(Income) and Deferred Outflows of Resources and Deferred Inflows of Resources</u> Related to Pensions

For the year ended June 30, 2019, the District recognized pension expense/(income) of \$391,651. At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

For one to Edwar Borton	Deferred Outflows of Resources		Deferred Inflows of Resources		 et Outflows Resources
Expense in Future Periods					
Differences between expected and					
actual experience	\$	1,458,162	\$	1,019,381	\$ 438,781
Changes of assumptions		505,362		175,700	329,662
Net difference between projected					
and actual earnings on pension plan					
investment		2,228,497		979,721	1,248,776
Total deferred amounts to be recognized					
in pension expense in future periods	\$	4,192,021	\$	2,174,802	\$ 2,017,219
Pension contributions made subsequent					
to the measurement date		270,372			 270,372
Total deferred amounts related to pensions	\$	4,462,393	\$	2,174,802	\$ 2,287,591

The deferred outflows of resources related to pensions resulting from the District's contributions in fiscal year 2019 subsequent to the measurement date will be recognized as a reduction of the net pension liability for the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending	Net Deferred Outflows				
December 31	of Resources				
2019	\$ 485,090				
2020	549,472				
2021	492,109				
2022	490,548				
2023	-				
Thereafter	-				
	\$ 2,017,219				

#### C. Social Security

Employees not qualifying for coverage under the Teachers' Retirement System of the State of Illinois or the Illinois Municipal Retirement Fund are considered "non-participating employees". These employees and those qualifying for coverage under the Illinois Municipal Retirement Fund are covered under Social Security. The District paid the total required contribution for the current fiscal year.

#### **NOTE 12 - POST EMPLOYMENT BENEFIT COMMITMENTS**

A. Teacher Health Insurance Security Fund (THIS)

General Information About the OPEB Plan

#### Plan Description

The District participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multiple-employer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the city of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but it does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants not enrolled in Medicare may participate in the state-administered participating provider option plan or choose from several managed care options. Annuitants who are enrolled in Medicare Parts A and B may be eligible to enroll in a Medicare Advantage plan.

The publicly available financial report of the THIS Fund may be found on the website of the Illinois Auditor General (http://www.auditor.illinois.gov/Audit-Reports/ABC-List.asp). The current reports are listed under "Central Management Services" (http://www.auditor.illinois.gov/Audit-Reports/CMS-THISF.asp). Prior reports are available under "Healthcare and Family Services" (http://www.auditor.illinois.gov/Audit-Reports/HEALTHCARE-FAMILY-SERVICES-Teacher-Health-Ins-Sec-Fund.asp).

#### **Benefits Provided**

The State of Illinois offers comprehensive health plan options, all of which include prescription drug and behavioral health coverage. The State of Illinois offers TCHP, HMO, and OAP plans.

- Teachers' Choice Health Plan (TCHP) benefit recipients can choose any physician or hospital for medical services; however, benefit recipients receive enhanced benefits, resulting in lower out-ofpocket costs, when receiving services from a TCHP in-network provider. TCHP has a nationwide network and includes CVS/Caremark for prescription drug benefits and Magellan Behavioral Health for behavioral health services.
- Health Maintenance Organizations (HMO) benefit recipients are required to stay within the health plan provider network. No out-of-network services are available. Benefit recipients will need to select a primary care physician (PCP) from a network of participating providers. The PCP will direct all healthcare services and make referrals to specialists and hospitalization.
- Open Access Plan (OAP) benefit recipients will have three tiers of providers from which to choose to obtain services. The benefit level is determined by the tier in which the healthcare provider is contracted.
  - Tier I offers a managed care network which provides enhanced benefits and operates like an HMO.
  - Tier II offers an expanded network of providers and is a hybrid plan operating like an HMO and PPO.
  - Tier III covers all providers which are not in the managed care networks of Tiers I or II (i.e., out-of-network providers). Using Tier III can offer benefit recipients flexibility in selecting healthcare providers but involves higher out-of-pocket costs. Furthermore, benefit recipients who use out-of-network providers will be responsible for any amount that is over and above the charges allowed by the plan for services (i.e., allowable charges), which could result in substantial out-of-pocket costs. Benefit recipients enrolled in an OAP can mix and match providers and tiers.

#### Contributions

For the fiscal year ended June 30, 2019, the State Employees Group Insurance Act of 1971 (5 ILCS 375/6.6) requires that all active contributors of the THIS make contributions to the plan at a rate of 1.24% of salary and for every employer of a teacher to contribute an amount equal to .92% of each teacher's salary. For the fiscal year ended June 30, 2018, the employee contribution was 1.18% of salary and the employer contribution was .88% of each teacher's salary. The Department of Central Management Services determines, by rule, the percentage required, which each year shall not exceed 105% of the percentage of salary actually required to be paid in the previous fiscal year. In addition, under the State Pension Funds Continuing Appropriations Act (40 ILCS 15/1.3), there is appropriated, on a continuing annual basis, from the General Revenue Fund, an account of the General Fund, to the State Comptroller for deposit in the Teachers' Health Insurance Security Fund (THISF), an amount equal to the amount certified by the Board of Trustees of THIS as the estimated total amount of contributions to be paid under 5 ILCS 376/6.6(a) in that fiscal year. The member contribution, which may be paid on behalf of employees by the employer, is submitted to THIS by the employer.

On-Behalf Contributions to THIS. The State of Illinois makes employer benefit contributions on behalf of the District. For the year ended June 30, 2019, State of Illinois contributions recognized by the District were based on the State's proportionate share of the collective net OPEB liability associated with the District, and the District recognized revenue and expenditures of \$266,299 in benefit contributions from the State of Illinois.

### OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs

At June 30, 2019, the District reported a liability for its proportionate share of the net OPEB liability (first amount shown below) that reflected a reduction for state benefit support provided to the District. The State's support and total are for disclosure purposes only. The amount recognized by the District as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the District were as follows:

District's proportionate share of the net pension liability	\$ 25,045,882
State's proportionate share of the net pension liability associated with the District	 33,631,332
Total	\$ 58,677,214

The net OPEB liability was measured as of June 30, 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2017 and rolled forward to June 30, 2018. The District's proportion of the net OPEB liability was based on the District's share of contributions to THIS for the measurement year ended June 30, 2018, relative to the contributions of all participating THIS employers and the State during that period. At June 30, 2018, the District's proportion was 0.095066%, which was an increase of 0.001562% from its proportion measured as of June 30, 2017.

For the year ended June 30, 2019, the District recognized benefit expense of \$1,504,933 and on-behalf revenue/expense of \$266,299 for support provided by the State. At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred		Deferred			
	Outflows of		Inflows of		Ν	et Outflows
	Resources		rces Resources		of	Resources
Differences between expected and actual experience	\$	-	\$	(89,865)	\$	(89,865)
Net difference between projected and actual earnings on						
pension plan investments		-		(769)		(769)
Changes of assumptions		-		(3,647,101)		(3,647,101)
Changes in proportion and differences between employee						
contributions and proportionate share of contributions		937,686		(11,818)		925,868
Employer contributions subsequent to the measurement date		205,779		-		205,779
	\$	1,143,465	\$	(3,749,553)	\$	(2,606,088)

\$205,779 reported as deferred outflows of resources related to OPEB resulting from employer contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the reporting year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows in these reporting years:

Year Ending		
June 30		
2020	\$	(67,296)
2021		(466,270)
2022		(868,075)
2023		(966,925)
2024		(443,301)
	\$	(2,811,867)

#### **Actuarial Assumptions**

The total OPEB liability in the June 30, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75%					
Salary Increases	Depends on service and ranges from 9.25% at 1 year of service to 3.25% at 20 or more years of service. Salary increase includes a 3.25% wage inflation assumption.					
Investment Rate of Retur	0%, net of OPEB plan investment expense, including inflation					
Healthcare Cost Trend C	Actual trend used for fiscal year 2018. For fiscal years on and after 2019, trend starts at 8.00% and 9.00% for non-Medicare costs and post-Medicare costs, respectively, and gradually decrease to an ultimate trend of 4.5%. Additional trend rate of 0.36% is added to non-Medicare costs on and after 2022 to account for the Excise Tax.					

Mortality rates for retirement and beneficiary annuitants were based on the RP-2014 White Collar Annuitant Mortality Table, adjusted for THIS experience. For disabled annuitants, mortality rates were based on the RP-Disabled Annuitant Table. All tables reflect future improvements using Projection Scale MP-2014.

The actuarial assumptions that were used in the June 30, 2017 actuarial valuation were based on the results of an actuarial experience study for the period July 1, 2011 through June 30, 2014.

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

		Long-Term
	Target	Expected Real
Asset Class	Allocation	Rate of Return
Illinois Public Treasurers' Investment Pool	100.0%	1.30%
	100.0%	

#### Discount Rate

Projected benefit payments were discounted to their actuarial present value using a Single Discount Rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bond with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met). Since TRIP (Teachers' Retirement Insurance Program) is financed on a pay-as-you-go basis, a discount rate consistent with the 20-year general obligation bond index has been selected. The discount rates are 3.65% as of June 30, 2017, and 3.62% as of June 30, 2018. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and State contributions will be made at the current statutorily-required rates.

Based on those assumptions, THIS's fiduciary net position at June 30, 2018 was projected to be available to make all projected future benefit payments to current active and inactive members and all benefit recipients. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on THIS investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

At June 30, 2018, the discount rate used to measure the total OPEB liability was 3.62%.

#### Sensitivity of the District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net OPEB liability calculated using the discount rate of 3.62%, as well as what the District's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1 percentage-point lower (2.62%) or 1 percentage-point higher (4.62%) than the current rate.

	Current			
	1% Decrease Discount Rate 1% Incre			
	2.62%	3.62%	4.62%	
Employer's proportionate share of the net OPEB liability	\$ 30,114,893	\$ 25,045,882	\$ 21,044,466	

#### Sensitivity of the Total OPEB Liability to Changes in the Health Care Cost Trend Rates

The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage-point lower or 1 percentage-point higher. The key trend rates are 8.00% in 2019 decreasing to an ultimate trend rate of 4.86% in 2026, for non-Medicare coverage, and 9.00% in 2019 decreasing to an ultimate trend rate of 4.5% in 2028 for Medicare coverage.

	Healthcare			
	1% Decrease	Cost Valuation	1% Increase	
	(a)	Rate	(b)	
Employer's proportionate share of the net OPEB liability	\$ 20,308,223	\$ 25,045,882	\$ 31,428,845	

- (a) One percentage point decrease in healthcare trend rates are 7.00% in 2019 decreasing to an ultimate trend rate of 3.86% in 2026, for non-Medicare coverage, and 8.00% in 2019 decreasing to an ultimate trend rate of 3.50% in 2028 for Medicare coverage.
- (b) One percentage point increase in healthcare trend rates are 9.00% in 2019 decreasing to an ultimate trend rate of 5.86% in 2026, for non-Medicare coverage, and 10.00% in 2019 decreasing to an ultimate trend rate of 5.50% in 2028 for Medicare coverage.

#### B. Retiree Insurance Plan

#### Plan Overview

In addition to the retirement plan described in Note 11, the District provides post-employment benefits other than pensions ("OPEB") to employees who meet certain criteria. The Plan, a single-employer defined benefit plan, provides the following coverage:

#### Medical Coverage

Retirees and their eligible dependents can remain as participants on the District's insurance plan provided that they pay the entire premium. Coverage continues until the attainment of Medicare eligibility age by the participant. The District does not pay any portion of the cost of coverage.

The Plan does not issue a stand-alone financial report.

#### Eligibility

Employees of the District are eligible for retiree health benefits as listed below:

Regular Plan Tier 1 (Enrolled in IMRF Prior to January 1, 2011)

- At least 55 years old and at least 8 years of credited service (reduced pension)
- At least 60 years old and at least 8 years of credited service (full pension)
- At least 55 years old and at least 35 years of credited service (full pension)

Regular Plan Tier 2 (Enrolled in IMRF On or After January 1, 2011)

- At least 62 years old and at least 10 years of credited service (reduced pension)
- At least 67 years old and at least 10 years of credited service (full pension)
- At least 62 years old and at least 35 years of credited service (full pension)

Membership in the plan consisted of the following at July 1, 2018, the date of the latest actuarial valuation:

Active Employees	209
Inactive Employees Entitled to but not yet Receiving Benefits	-
Inactive Employees Currently Receiving Benefits	-
Total	209

#### Contribution

The required contribution is based on projected pay-as-you-go financing requirements. Employees are not required to contribute to the plan.

#### **Total OPEB Liability**

The District's total OPEB liability was measured as of June 26, 2019, and the total OPEB liability was determined by an actuarial valuation as of July 1, 2018.

#### **Actuarial Assumptions**

The total OPEB liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Actuarial Method
Discount rate
Salary Rate Increase
Expected long-term investment rate of return
Health Care Trend

Entry Age Normal 3.18% 4.00% N/A

Morbidity

Election at Retirement 5% of IMRF employees are assumed to elect medical coverage continuation into retirement

Marital Status 25% of employees electing coverage continuation are assumed to be married and to elect spousal

coverage with males three years older than females.

The actuarial assumptions used in the June 1, 2018 valuation were based on assumptions about future events.

There is no long-term expected rate of return on OPEB plan investments because the District does not have a trust dedicated exclusively to the payment of OPEB benefits.

#### Discount Rate

The District does not have a dedicated trust to pay retiree healthcare benefits. Per GASB 75, the discount rate should be a yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher (or equivalent quality on another rating scale).

The Discount Rate was changed from 3.18% used in fiscal year 18 valuation to 2.79%, which is the S&P Municipal Bond 20 Year High-Grade Rate Index as of June 30, 2019.

#### Changes in the Total OPEB Liability

#### Sensitivity of the Total OPEB Liability to Changes in the Health Care Cost Trend Rates

The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage-point lower or 1 percentage-point higher than the current healthcare cost trend rates:

	Plan's Total OPEB Liability/(Asset)						
	Healthcare Cost						
1% Increase			Valu	uation Rate	1%	Decrease	
	\$	252,302	\$	232,578	\$	215,038	

### OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the fiscal year ended June 30, 2019, the District recognized OPEB expense of \$19,472. At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

Deterred	Dete	erred		
Outflows	Inflo	ws of	Ne	t Inflows
of Resource	es Resc	ources	of R	lesources
\$ 4,0	78 \$	9,435	\$	(5,357)
\$ 4,0	78 \$	9,435	\$	(5,357)
	Outflows of Resourc \$ 4,0	Outflows Inflo of Resources Reso \$ 4,078 \$	Outflows Inflows of Resources Resources \$ 4,078 \$ 9,435	Outflows Inflows of Ne of Resources Resources of R \$ 4,078 \$ 9,435 \$

Changes in total OPEB liability related to the difference in actual and expected experience, or changes in assumptions regarding future events, are recognized in OPEB expense over the expected remaining service life of all employees (8.05 years) in the postretirement plan.

Amounts reported as deferred outflows of resources related to OPEB will be recognized as future OPEB expense as follows:

Year ending June 30	O	utflows	I	nflows
2020	\$	552	\$	1,550
2021		552		1,550
2022		552		1,550
2023		552		1,550
2024		552		1,550
2025		552		1,550
2026		552		117
2027		214		18
	\$	4,078	\$	9,435

#### **NOTE 13 - INTERFUND TRANSFERS**

The following transfers were made for the year ended June 30, 2019:

Transfer from	Transfer to	 Amount
General Fund	Capital Projects Fund	\$ 532,890
Debt Service Fund	Capital Projects Fund	61,835

The purpose of the interfund transfer was to cover an abatement in Capital Projects Fund.

#### NOTE 14 - JOINT VENTURE - SPECIAL EDUCATION DISTRICT OF LAKE COUNTY (SEDOL)

The District and thirty other districts within Lake County have entered into a joint agreement to provide special education programs and services to the students enrolled. Each member district has a financial responsibility for annual and special assessments as established by the management council.

A summary of the Statement of Net Position of SEDOL at June 30, 2018 (most recent information available) is as follows:

\$ 65,045,051
(1,963,921)
\$ 63,081,130
\$ 37,805,745
4,964,466
20,310,919
\$ 63,081,130
\$ 78,448,350
77,456,502
\$ 991,848
\$ \$

Complete financial statements for SEDOL can be obtained from the Administrative Offices at 18160 Gages Lake Road, Gages Lake, Illinois 60030-1819.

#### **NOTE 15 - RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and injuries to employees.

The District is a member of the Collective Liability Insurance Cooperative (CLIC), a joint risk management pool of school districts through which property, general liability, automobile liability, crime, excess property, excess liability, and boiler and machinery coverage is provided in excess of specified limits for the members, acting as a single insurable unit.

The relationship between the District and CLIC is governed by a contract and by-laws that have been adopted by resolution of each unit's governing body. The District is contractually obligated to make all annual and supplementary contributions for CLIC, to report claims on a timely basis, cooperate with CLIC, its claims administrator and attorneys in claims investigation and settlement, and to follow risk management procedures as outlined by CLIC. Members have a contractual obligation to fund any deficit of CLIC attributable to a membership year during which they were a member.

CLIC is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the Board of Directors. CLIC also provides its members with risk management services, including the defense and settlement of claims, and establishes reasonable and necessary loss of reduction and prevention procedures to be followed by the members. As of June 30, 2019, there have been no settlement amounts which have exceeded insurance coverage in the past three years.

During the year ended June 30, 2019, there were no significant reductions in insurance coverage. Also, there have been no settlement amounts that have exceeded insurance coverage. The District is insured under a retrospectively-rated policy for workers' compensation coverage. Whereas, the initial premium may be adjusted based on actual experience. Adjustments in premiums are recorded when paid or received. During the year ended June 30, 2019, there were no significant adjustments in premiums based on actual experience.

#### **NOTE 16 - SELF INSURANCE**

The District self-insures a portion of its employees' health care benefits (their PPO plan, as well as a High Deductible Plan). A third party administrator has been contracted to manage the plan. Stop loss insurance has been obtained from Blue Cross Blue Shield for losses in excess of \$65,000 per individual. At June 30, 2019 the liability for unpaid claims was \$302,920. A reconciliation of changes in the aggregate liabilities for claims for the current year is as follows:

Claims Liabilities - Beginning of the Year	\$ 57,409
Incurred Claims	2,127,071
Payments on Claims	(1,881,560)
Claim Liabilities - end of Year	\$ 302,920

#### **NOTE 17 - CONTINGENCIES**

The District is not aware of any pending litigation or potential non-disclosed liabilities that management believes would have a material effect on the financial statements.

#### **NOTE 18 - LEGAL DEBT LIMITATION**

The Illinois School Code limits the amount of indebtedness to 6.9% of the most recent available equalized assessed valuation (EAV) of the District. The District's legal debt limitation is as follows:

2018 EAV		\$ 693,954,245
Rate		 6.90%
Debt Margin		\$ 47,882,843
Current Debt	\$ 50,843,828	
Less: Long-term debt		
not subject to limit	(35,690,895)	
		 15,152,933
Remaining Debt Margin		\$ 32,729,910

Contributions as a Percentage of Covered-Valuation Payroll		11.84%		8.70%		11.31%		11.12%		10.72%

#### Notes to Schedule:

#### Actuarial Method and Assumptions Used on the Calculation

Actuarially determined contribution rates are calculated as of December 31 each year, which are 12 months prior to the beginning of the fiscal year in which contributions are reported.

Actuarial Cost Method: Aggregate entry age = normal

Amortization Method: Level percentage of payroll, closed

Remaining Amortization Period: 25-year closed period

Asset Valuation Method: 5-year smoothed market; 20% corridor

Wage Growth: 3.5%

Price Inflation: 2.75%, approximate; No explicit price inflation assumption is used in this valuation.

Salary Increases: 3.75% to 14.50%, including inflation

Investment Rate of Return: 7.50%

Retirement Age: Experience-based table of rates that are specific to the type of eligibility condition; last updated for the 2014 valuation pursuant to an experience study of the period 2011 to 2013.

Mortality: For non-disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustments that were applied for non-disabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

\*Based on Valuation Assumptions used in the December 31, 2016 actuarial valuation; note two year lag between valuation and rate setting.

This schedule is presented to illustrate the requirement to show information for ten years. However, until a full ten-year trend is compiled, information is presented for those years for which information is available.

#### Changes of Assumptions:

For the 2017 and 2016 measurement year, the assumed investment rate of return was of 7.0%, including an inflation rate of 2.5% and a real return of 4.5%. Salary increases were assumed to vary by service credit.

For the 2015 measurement year, the assumed investment rate of return was 7.5%, including an inflation rate of 3.0% and a real return of 4.5%. Salary increases were assumed to vary by service credit. Various other changes in assumptions were adopted based on the experience analysis for the three-year period ending June 30, 2014.

For the 2014 measurement year, the assumed investment rate of return was also 7.5%, including an inflation rate of 3.0% and a real return of 4.5%. However, salary increases were assumed to vary by age.

## GRAYSLAKE COMMUNITY CONSOLIDATED SCHOOL DISTRICT NO. 46 NOTES TO REQUIRED SUPPLEMENTARY INFORMATION JUNE 30, 2019

## **NOTE 1 - BUDGETARY PROCESS**

The District follows procedures mandated by Illinois State law and District Board policy to establish the budgetary data reflected in its financial statements. The budget was passed on September 19, 2018. The modified accrual basis budgeted amounts in this report are the result of full compliance with the following procedures:

For each fund, total fund expenditures may not legally exceed the budgeted amounts. The budget lapses at the end of each fiscal year.

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. Prior to July 1, the Superintendent submits to the Board of Education a proposed operating budget for the fiscal year commencing on that date. The operating budget includes proposed expenditures and the means of financing them.
- 2. A public hearing is conducted to obtain taxpayer comments.
- 3. Prior to October 1, the budget is legally adopted through passage of a resolution.
- 4. Formal budgetary integration is employed as a management control device during the year.
- 5. The Board of Education may make transfers between the various items in any fund not exceeding in the aggregate 10% of the total of such fund as set forth in the budget.
- 6. The Board of Education may amend the budget (in other ways) by the same procedures required of its original adoption.

## **NOTE 2 - EXCESS OF EXPENDITURES OVER BUDGET**

For the year ended June 30, 2019, no funds presented as Required Supplementary Information exceeded the budgeted expenditures.

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Education Grayslake Community Consolidated School District No. 46 Grayslake, Illinois

## Report on Compliance for Each Major Federal Program

We have audited

Grayslake Community Consolidated School District No. 46's

compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Grayslake Community Consolidated School District No. 46's major federal programs for the year ended June 30, 2019. Grayslake Community Consolidated School District No. 46's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

## Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

## **Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of Grayslake Community Consolidated School District No. 46's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Grayslake Community Consolidated School District No. 46's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Grayslake Community Consolidated School District No. 46's compliance.

## **Opinion on Each Major Federal Program**

In our opinion, Grayslake Community Consolidated School District No. 46 complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

## **Report on Internal Control Over Compliance**

Management of Grayslake Community Consolidated School District No. 46 is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Grayslake Community Consolidated School District No. 46's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Grayslake Community Consolidated School District No. 46's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

• (M) Program was audited as a major program as defined by §200.518.

\*Include the total amount provided to subrecipients from each Federal program. §200.510 (b)(4).

The accompanying notes are an integral part of this schedule.

<sup>1</sup> To meet state or other requirements, auditees may decide to include certain nonfederal awards (for example, state awards) in this schedule. If such nonfederal data are presented, they should be segregated and clearly designated as nonfederal. The title of the schedule should also be modified to indicate that nonfederal awards are included.

<sup>2</sup> When the CFDA number is not available, the auditee should indicate that the CFDA number is not available and include in the schedule the program's name and, if applicable, other identifying number.

<sup>3</sup> When awards are received as a subrecipient, the name of the pass-through entity and identifying number assigned by the pass-through entity must be included in the schedule. §200.510 (b)(2)

<sup>4</sup> The Uniform Guidance requires that the value of federal awards expended in the form of non-cash assistance, the amount of insurance in effect during the year, and loans or loan guarantees outstanding at year end be included in the schedule and suggests to include the amounts in the SEFA notes.

• (M) Program was audited as a major program as defined by §200.518.

\*Include the total amount provided to subrecipients from each Federal program. §200.510 (b)(4).

The accompanying notes are an integral part of this schedule.

To meet state or other requirements, auditees may decide to include certain nonfederal awards (for example, state awards) in this schedule. If such nonfederal data are presented, they should be segregated and clearly designated as nonfederal. The title of the schedule should also be modified to indicate that nonfederal awards are included.

When the CFDA number is not available, the auditee should indicate that the CFDA number is not available and include in the schedule the program's name and, if applicable,

<sup>3</sup> When awards are received as a subrecipient, the name of the pass-through entity and identifying number assigned by the pass-through entity must be included in the schedule. §200.510 (b)(2)

The Uniform Guidance requires that the value of federal awards expended in the form of non-cash assistance, the amount of insurance in effect during the year, and loans or loan guarantees outstanding at year end be included in the schedule and suggests to include the amounts in the SEFA notes.

## GRAYSLAKE COMMUNITY CONSOLIDATED SCHOOL DISTRICT NO. 46 NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS JUNE 30, 2019

## **NOTE 1 - BASIS OF PRESENTATION**

The Schedule of Expenditures of Federal Awards includes the federal award activity of Grayslake Community Consolidated School District No. 46 under programs of the federal government for the year ended June 30, 2019. The information in this Schedule is presented in accordance with requirements of the Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Therefore, some amounts presented in the schedule may offer from amounts presented in, and used in the preparation of, the basic financial statements.

## **NOTE 2 - SUMMARY OF ACCOUNTING POLICIES**

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

## **NOTE 3 - INDIRECT COST RATE**

The District has elected not to use the 10 percent de minimis indirect rate as allowed under the Uniform Guidance.

## **NOTE 4 - SUBRECIPIENTS**

The District did not provide federal awards to subrecipients during the year ended June 30, 2019.

## **NOTE 5 - FEDERAL LOANS**

There were no federal loans or loan guarantees outstanding at year end.

## GRAYSLAKE COMMUNITY CONSOLIDATED SCHOOL DISTRICT NO. 46 SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2019

- 1) Summary of auditor's results:
- a. The auditor's report expresses an unmodified opinion on whether the financial statements of Grayslake Community Consolidated School District No. 46 were prepared in accordance with GAAP.
- b. Two material weaknesses disclosed during the audit of the financial statements are reported in the Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards.
- c. No instances of noncompliance material to the financial statements of Grayslake Community Consolidated School District No. 46, which would be required to be reported in accordance with Government Auditing Standards, were disclosed during the audit.
- d. No significant deficiencies in internal control over major federal award programs are reported during the audit of the financial statements. No material weaknesses in internal control over major federal award programs are reported.
- e. The auditor's report on compliance for the major federal award programs for Grayslake Community Consolidated School District No. 46 expresses as unmodified opinion on all major federal programs.
- f. Audit findings that are required to be reported in accordance with Uniform Guidance 2 CFR section 200.516(a) are reported in this schedule.
- g. The programs tested as major programs were: CFDA #84.010 Title I Low Income, and CFDA #84.027 and CFDA #84.173 Special Education Cluster.
- h. The threshold used for distinguishing between Type A and Type B programs was \$750,000.
- i. Grayslake Community Consolidated School District No. 46 was determined to not be a low-risk auditee.
- 2) The findings relating to the financial statements which are required to be reported are detailed in finding numbers 2019-001 and 2019-002.
- 3) There were no findings and questioned costs for federal awards which are required to be reported.

## SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS<sup>19</sup> Year Ending June 30, 2019

[If there are no prior year audit findings, please submit schedule and indicate  ${\bf NONE}$ ]

Finding Number	<u>Condition</u>	Current Status <sup>20</sup>
2018-001	During the course of the audit material misstatements of the financial records were found, resulting in adjusting entries.	This is still a finding in the current year. See finding 2019-001.
2018-002	The insurance payable liability amount could not be traced to supporting documents.   ☑	This is still a finding in the current year. See finding 2019-002.
2018-003	Several employees had incorrect amounts deducted from their wages for TRS contributions.	This finding was corrected.
2018-004	Employee and employer IMRF contributions submitted during fiscal year 2018 were incorrect.	This finding was corrected.
2018-005	The District has several old outstanding checks and manual adjustments on its bank reconciliation.	This finding was corrected.

When possible, all prior findings should be on the same page

<sup>&</sup>lt;sup>19</sup> Explanation of this schedule - §200.511 (b)

 $<sup>^{\</sup>rm 20}$  Current Status should include one of the following:

A statement that corrective action was taken

A description of any partial or planned corrective action

An explanation if the corrective action taken was significantly different from that previously reported
or in the management decision received from the pass-through entity.
