565 Frederick Road, Grayslake, IL 60030

November 20, 2023

President, Members of the Board of Education, and Citizens of Community Consolidated School District 46 Grayslake, IL 60030

The Annual Comprehensive Financial Report of Community Consolidated School District 46 (District), Grayslake, Illinois, for the fiscal year ended June 30, 2023, is attached. The report was prepared by the Assistant Superintendent of Finance (CSBO.) The report date on the underlying financial statements is REPORT DATE, and an unmodified auditors' opinion on the basic financial statements has been issued. Each school district is required as of June 30th of each fiscal year to have an independent audit completed per Illinois School Code ILCS 5/3-7. This Annual Comprehensive Financial Report is published to fulfill that requirement for the fiscal year ending June 30, 2023.

Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the District. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

#### **Financial Statements**

The Annual Comprehensive Financial Report is presented in three sections: Introductory, Financial, and Statistical. The introductory section includes this transmittal letter, the District's organizational chart and a list of principal officials. The financial section includes Management's Discussion and Analysis (MD&A) of the District's financial performance for the year, the basic financial statements and the required supplementary information, as well as the independent auditors' report. The Statistical Section includes a number of tables of unaudited data depicting the financial history of the District generally presented on a multi-year basis, demographics, and other miscellaneous information. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it.

The District includes all funds that are controlled by or dependent on the Board of Education of the District, as determined on a basis of financial accountability. The District does not have such financial accountability over any other entity, and, thus, does not include any other entity as a component unit in this report. Additionally, the District is an independent entity, not includable as a component unit of any other reporting entity.

#### **General District Information**

Community Consolidated School District 46, Lake County, Illinois, provides educational instruction to children residing in parts of the villages of Grayslake, Hainesville, Lake Villa, Round Lake, Round Lake Beach, Round Lake Park, and Third Lake. The District's operations are funded primarily through local property taxes and operate under guidelines and restrictions set forth in the School Code of Illinois and various federal statutes.

#### **General District Information** (Continued)

Community Consolidated School District 46 is located in northeastern Illinois in central Lake County, approximately 40 miles north of Chicago and 14 miles west of Lake Michigan.

The District comprises eight schools: four kindergarten through fourth grade neighborhood schools (one of which also houses an Early Childhood Center), one kindergarten through eighth grade neighborhood school, a fifth and sixth grade intermediate school, and a seventh and eighth grade middle school. The Technology department is located adjacent to Grayslake Middle School in the Information Services Center, and the District Office houses the Office of the Superintendent, Business Office, Human Resources, Teaching and Learning, and Operations and Maintenance.

We foster inspiring, innovative, and engaging environments to educate our students and prepare them for life success in a dynamic world. Students leaving the District at the end of eighth grade attend one of Grayslake Community High School District 127's schools – Grayslake North or Grayslake Central High School.

Student enrollment for the fiscal year ended June 30, 2023, as submitted to the Illinois State Board of Education Student Information System (SIS), was 3,626, marginally down from 3,690 in the previous year. School districts are open demographic systems whose growth, stability or decline is affected by two basic factors. The first is the difference between the size of the kindergarten class that enters each August and the size of the previous June's graduating eighth-grade class. The second is the net migration/transfer of school-age children in the district as they progress through the grades over the years. This effect also takes into account birth trends and household demographics.

#### Accounting Systems and Budgetary Control

The District has responsibility for the preparation and modification of its annual budget and is solely accountable for its fiscal matters, including surpluses and deficits, assignments of management, and issuance of debt. The District's administration is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft, or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America.

The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived and that (2) the valuation of costs and benefits requires estimates and judgments by management.

The District maintains sound budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual budget approved by the District's Board of Education. The District's annual financial objective is to provide a fiscally responsible balanced budget. The business office provides the Board with monthly financial information including expenditure detail and periodic cash and investment summaries. Other financial information is routinely provided as needed. A Finance Committee of the Board meets periodically with Administration to perform additional financial reviews, including analysis of historic and projected financial information.

Activities of the General Fund, Special Revenue Funds, Debt Service Fund, and Capital Projects Funds are included in the annual budget. The level of budgetary control is established at the individual fund level. As demonstrated by the statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management.

#### Financial Achievement and Philosophy

Each year school districts in Illinois are assigned a *Percentage of Adequacy* that is the result of dividing the district's calculated *Resources* by the *Adequacy Target*. The *Adequacy Target* is the sum of all Education Cost Factors as calculated for each individual district multiplied by the Regionalization Factor that measures regional variations in salaries. According to the Illinois Report Card, the District has an *Adequacy Target of* \$50,642,655, with \$33,394,889 of *Resources*. The funding gap between these is \$17,247,766. The District's current level of 'adequacy' is 66%. The gap is the cause of the District's structural deficit.

The District incurred a reduction in the fund balance, with expenditures exceeding revenues in the Operating Funds from \$22,393,798 at June 30, 2022, to \$18,686,560 at June 30, 2023. This was a decrease of \$3,707,238. The Operating Funds are the General, Operations and Maintenance, Transportation, and Municipal Retirement/Social Security funds. The District incurred the majority of the deficit in the General Fund, which decreased \$2,126,930 from \$16,936,398 at June 30, 2022, to \$14,809,468 at June 30, 2023. The General Fund includes the Educational, Working Cash, and Tort Immunity and Judgment accounts. The District understands the importance of maintaining a healthy fund balance to ensure long term financial stability. The District is currently exploring the possibility of a funding proposal to increase revenues with community input in 2024.

The District has contracts in place with the Grayslake Federation of Teachers (GFT) and the Paraprofessionals and School Related Personnel (PSRP) unions through the end of fiscal year 2025.

#### Financial Policies Impacting Financial Statements

The District's policies address the financial policies as set by the Board of Education. The School District seeks to maintain year-end fund balances to revenue ratio of no less than 25% and 30%. In keeping with existing Board of Education policy, investments are made in a prudent, conservative, and secure manner and in accordance with Illinois School Code and the guidelines detailed in the Board's investment policy. These are the major financial policies that have an impact on the financial statements.

#### **Economic Condition and Outlook**

The District is located in the northeastern part of the state in a residential, "built out" community. The District's tax base is primarily made up of residential communities, with some retail businesses and little industry. The economic condition of the community is relatively stable. In the past two years, the District's equalized assessed property values have become more stable with recent and more moderate fluctuations. The 2022 EAV is up 5.33% from the 2021 EAV.

Following the global pandemic, there is still uncertainty in the broader economy, including record levels of inflation over the last two years. Several of the District's important purchased service contracts are linked to inflationary measures such as our nighttime cleaning contract and food service for our students. In addition to cost increases for contractual work, the nationwide shortage of teachers has impacted District in attracting and retaining quality teachers, especially in hard-to-fill positions, such as special education.

The District used its Debt Service Extension Base (DSEB) for the first time in 2021, issuing \$9 million of Working Cash bonds, the proceeds of which were transferred to the Capital Projects Fund by Board approved resolution. This funding is being used for the 3 Year Priority Capital Plan, to be complete at the end of fiscal year 2025.

#### Economic Condition and Outlook (Continued)

A Long Range Facility Plan process was discussed by the Board of Education in November 2021 and has put into place long-term facility plans that address necessary updates to our buildings. In December 2021, the Board of Education approved a 3 Year Capital Plan of \$9.2 million through the use of working cash bonds, obtained through the District's Debt Service Extension Base (DSEB.) The total amount of work identified over the next 10-15 years is \$36.7 million, focused on building structures, roofs and indoor air quality improvements. In 2023, the District completed a capacity and utilization evaluation of our classrooms and learning spaces, and educational adequacy in collaboration with our architects.

#### Strategic Plan

During the 2020-2021 school year, the Community Consolidated School District 46 worked with the community and staff to develop a revised multi-year strategic plan. The plan is intended to guide the work of the District over the long term, with specific action steps to achieve the various strategies adopted for implementation. Results of these action steps will be evaluated along with the relevance of the plan on an annual basis, with appropriate changes being made as they are identified.

Embedded in the plan is the District's financial goal of addressing financial stewardship. The District has defined this goal as: Review, expand, and clarify financial practices to increase transparency and communication, with a focus on aligning financial decision making to District goals.

#### **Facility Attributes**

The Community Consolidated School District 46 has seven school buildings, with a District Office adjacent to Frederick School. Our technology department is housed in a building close to Grayslake Middle School. All District buildings are maintained through the Capital Projects and Operations and Maintenance Funds.

#### Community Attributes

The Community Consolidated School District 46 has multiple assets, one of the most valuable being the level of parental and community support. The overall school community demonstrates its value for education, its strong social consciousness, and its interest in ensuring access and equity by offering its resources of time, materials, and money. The District's PTOs and Foundation 46 sponsor fundraisers that benefit all students in the community, including those whose families are the most fiscally challenged.

#### **Awards**

The Association of School Business Officials International (ASBO) has awarded the Meritorious Budget Award to the District for the past two budget cycles. In order to receive a Meritorious Budget Award, a governmental unit must publish an easily readable and efficiently organized Budget Report, whose contents conform to the program's standards.

The District also received the *Certificate of Excellence in Financial Reporting* from ASBO for the Annual Comprehensive Financial Report the year ending June 30, 2022. This was the first year the District received this prestigious award. In order to be awarded a Certificate of Excellence, a governmental unit must publish an easily readable and efficiently organized Annual Comprehensive Financial Report, whose contents conform to the program's standards. The certificate is valid for a period of one year only. We believe that the Annual Comprehensive Financial Report continues to meet the program's requirements and we are submitting to ASBO to determine eligibility for fiscal year 2023 certification.

#### Awards (Continued)

The District intends to participate in the Government Finance Officers' Association (GFOA) Certificate of Achievement for Excellence in Financial Reporting for Annual Comprehensive Financial Report, year ending June 30, 2023.

#### Independent Audit

State statutes require an annual audit of the books of accounts, financial records, and transactions of all funds of the District. The audit of the basic financial statements as of June 30, 2023 and the year then ended was performed by the independent certified public accounting firm of Miller, Cooper & Co., Ltd. The unmodified auditors' report is included in the financial section of this report.

#### Acknowledgements

We wish to thank the members of the School Board for their interest and support in planning and conducting the financial operations of the District in a responsible and progressive manner. We also wish to thank the efficient and dedicated business office staff for their assistance in the timely preparation of this report.

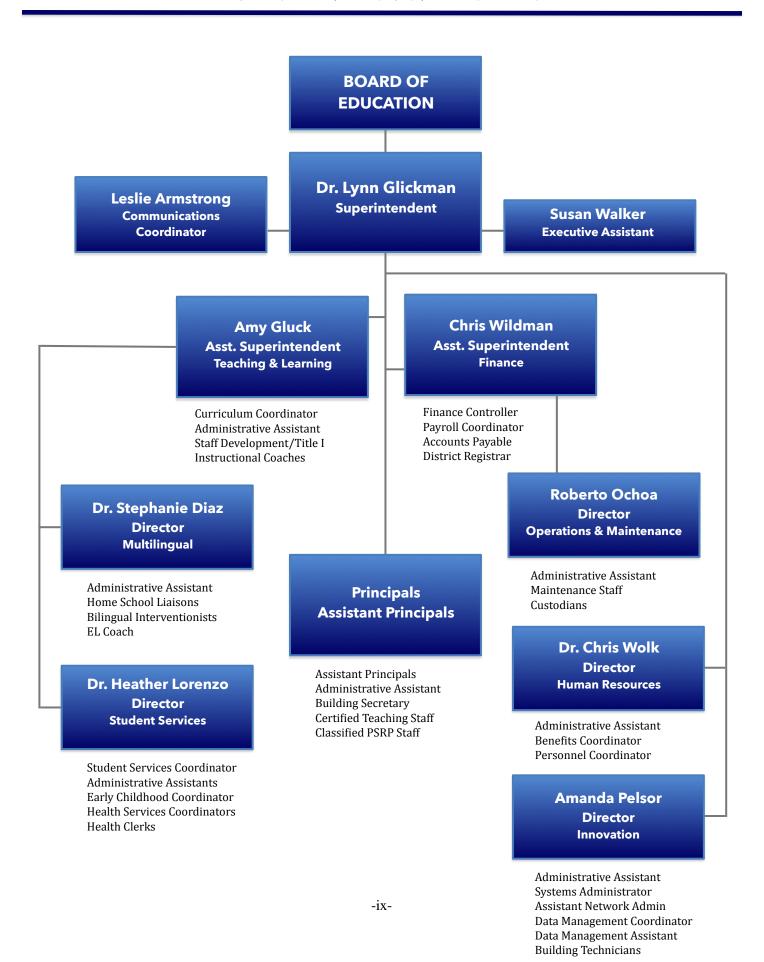

Respectfully submitted,

Dr. Lynn Glekman

#### **INDEPENDENT AUDITORS' REPORT**

The Members of the Board of Education Community Consolidated School District 46 Grayslake, Illinois

#### **Report on the Financial Statements**

#### **Opinions**

We have audited the accompanying financial statements of the governmental activities and each major fund of Community Consolidated School District 46 (the "District"), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of District, as of June 30, 2023, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Responsibilities of Management for the Financial Statements** (Continued)

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

#### **Auditor's Responsibilities for the Audit of the Financial Statements** (Continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the Illinois Municipal Retirement Fund and Teachers' Retirement System of the State of Illinois Pension data, the other postemployment benefits data, and the budgetary comparison schedules and notes to the required supplementary information as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### **Supplementary Information**

Our audit for the year ended June 30, 2023, was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying supplementary information, as listed in the table of contents, for the year ended June 30, 2023 is presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements for the year ended June 30, 2023, and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information as listed in the table of contents is fairly stated, in all material respects, in relation to the basic financial statements as a whole for the year ended June 30, 2023.

#### **Supplementary Information** (Continued)

We also have previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statements of the District, as of and for the year ended June 30, 2022 (not presented herein), and have issued our report thereon dated November 22, 2022, which contained unmodified opinions on the respective financial statements of the governmental activities, each major fund, and the aggregate remaining fund information. That audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Schedule of Revenues, Expenditures, and Changes in Fund Balance - Budget and Actual for the Capital Projects Fund and Debt Service Fund with comparative actual amounts for the year ended June 30, 2022 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2022 basic financial statements. The Schedule of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual for the Capital Projects Fund and the Debt Service Fund have been subjected to the auditing procedures applied in the audit of the 2022 basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Revenues, Expenditures, and Changes in Fund Balance - Budget and Actual for the Capital Projects Fund and Debt Service Fund are fairly stated in all material respects in relation to the basic financial statements as a whole for the year ended June 30, 2022.

#### Other Information

Management is responsible for the other information, as listed in the table of contents, included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 20, 2023, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MILLER, COOPER & CO., LTD.

Deerfield, Illinois November 20, 2023

The discussion and analysis of Community Consolidated School District 46's (the District) financial performance provides an overall review of the District's financial activities for the year ended June 30, 2023. The management of the District encourages readers to consider the information presented herein in conjunction with the basic financial statements to enhance their understanding of the District's financial performance. All amounts, unless otherwise indicated, are expressed in thousands of dollars. Certain comparative information between the current year and the prior year is required to be presented in the Management's Discussion and Analysis (the "MD&A").

#### **Financial Highlights**

- The assets and deferred outflows of resources of the District exceeded its liabilities and deferred inflows of resources at June 30, 2023 by \$23,139,442 (net position).
- The District's total net position increased by \$3,741,739.
- On June 30, 2023 the District's General Fund had an ending balance of \$14,809,468, a decrease of \$2,126,930 from previous year.
- The Capital Projects fund balance ending June 30, 2023 decreased from \$9,425,938 to \$5,143,439, primarily as a result of the District completing Year 1 projects from the 3 Year Capital Plan.
- The District's total bonds payable debt decreased by \$7,410,415 during the year ended June 30, 2023 primarily due to the scheduled repayment of General obligation bonds and debt certificates.
- As part of its strategic plan, the District has finalized a comprehensive Long Range Facilities Plan (LRFP) with our architects to ensure facility enhancements are prioritized over the next 15 years and to budget according to a schedule of annual improvements.
- The District agreed to three-year contracts with our teachers' and non-certified staff union in 2022 which run through the 2024-25 school year.

#### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The basic financial statements are comprised of three components:

- Government-wide financial statements,
- Fund financial statements, and
- Notes to the financial statements.

This report also contains required supplementary information and supplementary financial information, in addition to the basic financial statements.

#### Government-wide financial statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the District's assets and deferred outflows of resources and liabilities and deferred inflows of resources with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

#### **Overview of the Financial Statements** (Continued)

Government-wide financial statements (Continued)

The statement of activities presents information showing how the government's net position changed during the fiscal year being reported. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements present the functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities). The District has no business-type activities; that is, functions that are intended to recover all or a significant portion of their costs through user fees and charges. The District's governmental activities include instructional services (regular education, special education, and other), supporting services, operations and maintenance of facilities, transportation services, and community services.

#### Fund financial statements

A fund is a self-balancing grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District are governmental funds (the District maintains no fiduciary or proprietary funds).

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a school district's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains six individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General (includes Educational Account, Tort Immunity and Judgment Account, and Working Cash Account), Operations and Maintenance, Transportation, Municipal Retirement/Social Security, Debt Service, and Capital Projects Funds, all of which are considered to be major funds.

The District adopts an annual budget for each of the funds. A budgetary comparison schedule has been provided for each fund to demonstrate compliance with this budget.

#### **Overview of the Financial Statements** (Continued)

Notes to the financial statements

The notes to the financial statements provide additional information that is essential to a better understanding of the data provided in the government-wide and fund financial statements.

#### Other information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning pension data related to the Illinois Municipal Retirement Fund (IMRF), the Teachers' Retirement System (TRS), other postemployment benefit liabilities and budgetary comparison schedules.

The District implemented Governmental Accounting Standards Board Statement No. 96- Subscription Based Information Technology Arrangements, for the year ending June 30, 2023. This statement provides guidance on the accounting and financial reporting for subscription-based information technology (SBITAs) for government end users. This statement requires the District to recognize a subscription asset and liability. See note to the financial statements for additional information.

#### **Government-Wide Financial Analysis**

The District's net position for the end of the year was \$23,139,442.

The District's total revenues were \$83,422,910 (see Table 2).

The District's investment earnings revenue increased by \$932.283 from \$50,193 for the year ending June 30, 2022 to \$982,476 for the year ending June 30, 2023. This was due to an increase in the interest rate environment favorable to the District for our investment portfolio.

The total cost of all programs and services was \$79,681,171. The District's expenses are predominantly related to instructing, caring for (pupil services), and operations and maintenance (see Table 2).

The District's administrative and business activities accounted for 7.5% of total costs.

#### Financial Analysis of the District's Funds

The District's governmental funds total fund balance decreased from \$36,830,042 to \$28,874,694, mainly due to planned expenditures from the Capital Projects fund, and deficit spending in the underlying funds of the General Fund. The fund balances of the Operations and Maintenance, and Transportation, Funds also decreased

#### **General Fund Budgetary Highlights**

High levels of inflation and challenges related to filling teacher positions were prominent through the year.

- Actual expenditures were more than budgeted, primarily due to higher than expected salary/benefits for open positions.
- Actual revenues were close to the expected budget. However, the District expended the majority of the allocated federal funding as part of the global pandemic relief. The District spent the majority of the \$643,830 of the American Rescue Plan (ARP) Act funding from 2023, with \$56,756 remaining to be expended through September 30, 2024..

All analysis excludes the expenditures and revenue from the On-Behalf Payments to TRS from the State.

#### **Capital Assets and Debt Administration**

#### Capital assets

By the end of fiscal year 2023, the District had compiled a total investment of \$116,578,048 (\$57,299,540 net of accumulated depreciation) in a broad range of capital assets including land, construction in progress, buildings and improvements, land improvements, equipment, and right to use subscription assets. Total depreciation and amortization expense for the year was \$3,253,928. More detailed information about capital assets can be found in Note E of the notes to the financial statements.

#### **Capital Assets and Debt Administration** (Continued)

Long-term liabilities

At June 30, 2023, the District had \$46,112,432 in general obligation bonds, debt certificates, and other long-term liabilities outstanding.

More detailed information on long-term debt can be found in Note F of the notes to the financial statements.

#### **Factors Bearing on the District's Future**

At the time these financial statements were prepared and audited, the District was aware of the following existing circumstances that could significantly affect its financial health in the future:

- The inability of lawmakers to address the State's financial dilemmas continues to create future financial uncertainty for school districts, of which Community Consolidated School District 46 is not immune. Likewise, the issue of local property tax "freezes" and pension reform continues to be a focus of State lawmakers, again creating more financial uncertainty for school districts. Undoubtedly, these financial dilemmas will continue to be exacerbated by market instability/ high inflationary situations.
- The District has an Evidence Based Funding (EBF) Adequacy Target of \$50,642,655 million, with EBF Final Resources of \$33,394,889 million available and therefore a percentage of Adequacy of 66%. For Evidence-Based Funding in FY 2023, this District is assigned to Tier 1. At the current rate, it will take the State many years for the District to reach 100% adequacy.

#### **Requests for Information**

This financial report is designed to provide the District's citizens, taxpayers, and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report, or need additional financial information, contact the Business Office:

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

For the Year Ended June 30, 2023

| Net change in fund balances - total governmental funds.  | \$<br>(7,955,348)       |
|--|-------------------------|
| Amounts reported for governmental activities in the statement of activities are different because:   |                         |
| The net pension asset resulting from the IMRF plan fiduciary net position exceeding the total pension liability is not a financial resource and therefore the change in that asset is not reported in the change in fund balances of the governmental funds.   | (1,282,449)             |
| Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation expense exceeds capital outlay in the current period. |                         |
| Capital outlay \$ 5,318,041  Depreciation and amortization expense (3,253,928)  Loss on disposal (225,811)   | 1,838,302               |
| Changes in deferred outflows and inflows of resources related to pensions are reported only in the statement of activities:  |                         |
| Deferred outflows and inflows of resources related to IMRF pension<br>Deferred outflows and inflows of resources related to TRS pension  | 5,462,744<br>330,991    |
| Changes in deferred outflows and inflows of resources related to other postemployment benefits are reported only in the statement of activities:   |                         |
| Deferred outflows and inflows of resources related to RHP<br>Deferred outflows and inflows of resources related to THIS  | (14,392)<br>(9,425,165) |
| Governmental funds report the effects of the loss on refunding when the debt is issued. However, these amounts are deferred and amortized in the statement of activities. This is the amount of the current year, net effect, of these differences.  | (375,050)               |
| Accrued interest reported in the statement of activities does not require the use of current financial resources and, therefore, is not reported as an expenditure in the governmental funds.  | 38,366                  |
| Governmental funds report the effect of premiums and discounts when the debt is issued. However, these amounts are deferred and amortized in the statement of activities. This is the amount of the current year, net effect of these differences.   | 540,705                 |
| amount of the outline your, not offeet of those differences.   | (Continued)             |

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES (Continued)

For the Year Ended June 30, 2023

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. However, certain of these items are included in the governmental funds only to the extend that they require the expenditure of current financial resources:

| Issuance of general obligation refunding bonds    | \$ | (6,480,000) |     |            |
|---|----|-------------|-----|------------|
| Subscription liability issued                     |    | (661,218)   |     |            |
| Principal repayments                              |    |             |     |            |
| General obligation bonds                          |    | 12,765,000  |     |            |
| Debt certificates                                 |    | 585,000     |     |            |
| Financed purchases                                |    | 85,337      |     |            |
| Subscription liability                            |    | 559,325     |     |            |
| Compensated absences, net                         |    | (70,965)    |     |            |
| IMRF pension liability, net                       |    | (4,506,915) |     |            |
| TRS pension liability, net                        |    | (9,836)     |     |            |

NOTES TO THE FINANCIAL STATEMENTS
June 30, 2023

#### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Community Consolidated District 46 (the District) have been prepared in conformity with accounting principles generally accepted in the United States of America, as applied to government units (hereinafter referred to as generally accepted accounting principles (GAAP)). The Governmental Accounting Standards Board (GASB) is the standard-setting body for establishing governmental accounting and financial reporting principles.

The more significant of the District's accounting policies are described below.

## 1. Reporting Entity

The District is located in Lake County, Illinois. The District is governed by an elected Board of Education. The Board of Education maintains final responsibility for all personnel, budgetary, taxing, and debt matters.

The District includes all funds of its operations that are controlled by or dependent upon the District, as determined on a basis of financial accountability. Financial accountability includes appointment of the organization's governing body, imposition of will, and fiscal dependency. The accompanying financial statements include only those funds of the District, as there are no organizations for which it has financial accountability.

Also, the District is not included as a component unit in any other governmental reporting entity, as defined by GASB pronouncements.

#### 2. New Accounting Pronouncement

The GASB has issued Statement No. 96, Subscription-Based Information Technology Arrangements, which was implemented by the District for the year ended June 30, 2023. This Statement provides guidance on the accounting and financial reporting for Subscription-Based Information Technology Arrangements (SBITAs) for government end users (governments).

Specific changes to the District's financial statements relate to the recording of subscription assets and subscription liabilities on the statement of net position (see Note A-11, Note E, and Note F).

#### 3. Fund Accounting

The accounts of the District are organized on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

Governmental funds are used to account for all or most of the District's general activities, including the collection and disbursement of earmarked monies (special revenue funds), the servicing of general long-term debt (debt service funds), and the acquisition or construction of major capital facilities (capital project funds). The General Fund is used to account for all activities of the general government not accounted for in some other fund. The District considers all governmental funds to be major.

NOTES TO THE FINANCIAL STATEMENTS
June 30, 2023

#### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### 4. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all the nonfiduciary activities of the District. The effect of interfund activity has been eliminated from these statements. Governmental activities normally are supported by taxes, intergovernmental revenues and local fees.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include (1) amounts paid by recipient of goods or services offered by the program and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported as general revenues.

#### a. General Fund

The General Fund includes the Educational Account, Tort Immunity and Judgment Account and the Working Cash Account. The Educational Account is the District's primary operating account. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The Working Cash Account is for the financial resources held by the District to be used as temporary interfund loans for working capital requirements. Money loaned by the Working Cash Account to other funds must be repaid upon collection of property taxes in the fund(s) loaned to. As allowed by the School Code of Illinois, this Fund may be permanently abolished and become part of the Educational Account or it may be partially abated to any fund in need as long as the District maintains a balance in the Working Cash Account of at least .05% of the District's current equalized assessed valuation. The Tort Immunity and Judgment is used to account for revenues derived from a specific property tax levy and state reimbursement grants and expenditures of these monies is for risk management activities.

The Student Activity balance is accounted for in the Educational Account. The balance accounts for activities such as student yearbooks, student clubs and councils and scholarships.

#### b. Special Revenue Funds

The special revenue funds are used to account for and report the proceeds of specific revenue sources (other than those accounted for in the debt service or capital projects) that are legally restricted to expenditures for specified purposes.

Each of the District's special revenue funds has been established as a separate fund in accordance with the fund structure required by the state of Illinois for local educational agencies. These funds account for local property taxes restricted to specific purposes. A brief description of the District's special revenue funds is as follows:

*Operations and Maintenance Fund* - accounts for all revenues and expenditures made for operations, repair, and maintenance of the District's building and land. Revenues consist primarily of local property taxes.

NOTES TO THE FINANCIAL STATEMENTS
June 30, 2023

#### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### 4. Government-Wide and Fund Financial Statements (Continued)

#### b. Special Revenue Funds (Continued)

*Transportation Fund* - accounts for all revenue and expenditures made for student transportation. Revenues are derived primarily from local property taxes and state reimbursement grants.

Municipal Retirement/Social Security Fund - accounts for the District's portion of pension contributions to the Illinois Municipal Retirement Fund, payments to Medicare, and payments to the Social Security System for noncertified employees. Revenues to finance contributions are derived primarily from local property taxes and personal property replacement taxes.

#### c. Debt Service Fund

Debt Service Fund - accounts for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs. The primary revenue source is local property taxes levied specifically for debt service and transfers from other funds.

#### d. Capital Projects Funds

Capital Projects Fund - accounts for financial resources to be used for the acquisition or construction of major capital facilities. Revenues are derived from bond proceeds or transfers from other funds.

#### 5. Measurement Focus, Basis of Accounting, and Basis of Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues and additions are recorded when earned, and expenses and deductions are recorded when a liability is incurred. Property taxes are recognized as revenues in the year for which they are levied (i.e. intended to finance). Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis or accounting, revenues are recognized when susceptible to accrual, i.e., when they are both "measurable and available". "Measurable" means that the amount of the transaction can be determined, and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The District considers most revenues available if they are collected within 60 days after year-end. Revenues that are paid to the District by the Illinois State Board of Education are considered available if they are vouchered by year-end. Expenditures generally are recorded when a fund liability is incurred, except for unmatured principal and interest on general long-term debt, which are recognized when due, and certain compensated absences, claims and judgments, which are recognized when the obligations are expected to be liquidated with expendable available resources.

NOTES TO THE FINANCIAL STATEMENTS
June 30, 2023

#### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### 5. Measurement Focus, Basis of Accounting, and Basis of Presentation (Continued)

Property taxes, personal property replacement taxes, interest, and intergovernmental revenues associated with the current fiscal period are all considered to be susceptible to accrual and are recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the District.

The District reports unearned and unavailable revenue on its financial statements. Unearned and unavailable revenue arises when a potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability or deferred inflow of resources for unearned or unavailable revenue is removed from the balance sheet and revenue is recognized. Governmental Funds also defer revenue recognition in connection with resources received, but not yet earned.

#### 6. <u>Deferred Outflows / Deferred Inflows</u>

In addition to assets, the statement of net position and the governmental funds balance sheet may report deferred outflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to a future period. At June 30, 2023, the District has deferred outflows of resources related to pensions, other postemployment benefits, and deferred loss on refunding. In addition to liabilities, the District may report deferred inflows of net assets. Deferred inflows of resources represent the acquisition of resources that is applicable to a future reporting period. At June 30, 2023, the District reported deferred inflows related to property taxes levied for a future period, lease revenue receivable for a future period, pensions, and other postemployment benefits.

#### 7. Budgetary Data

Budgets are adopted on a basis consistent with generally accepted accounting principles, except that the District does not budget for "on-behalf" contributions from the State for the employer's share of the Teachers' Retirement System pension and Teachers' Health Insurance Security Fund (see the budgetary reconciliation in the notes to the required supplementary information). Annual budgets are adopted at the fund level for the governmental funds. The annual budget is legally enacted and provides for a legal level of control at the fund level. All annual budgets lapse at fiscal year-end.

#### 8. Deposits and Investments

Investments are stated at fair value. Changes in fair value are included in investment income.

NOTES TO THE FINANCIAL STATEMENTS
June 30, 2023

#### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### 9. Lease Receivable and Unavailable Lease Revenue

Certain payments from lessees reflect revenues applicable to future accounting periods and are recorded as a lease receivable and unavailable lease revenue liability in both the government-wide and fund financial statements. At the commencement of the lease term, the District records a lease receivable and deferred inflow of resources for unavailable lease revenue. The lease receivable is measured at the present value of the lease payments expected to be received during the lease term. The deferred inflow of resources for unavailable lease revenue is measured at the value of the lease receivable, plus any payments received at or before the commencement date of the lease term the relate to future periods. As the lessor, the District recognizes lease income (which includes interest) to reflect a constant periodic rate of return on its net investment outstanding in respect to the lease.

#### 10. Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the District has the ability to access.

Level 2 Inputs to the valuation methodology include the following:

- \* Quoted prices for similar assets or liabilities in active markets;
- \* Quoted prices for identical or similar assets or liabilities in inactive markets;
- \* Inputs other than quoted prices that are observable for the asset or liability;
- \* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2023

#### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### 10. Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for the District's investments measured at fair value. There have been no changes in the methodologies used at June 30, 2023.

*U.S. Treasury and Federal Home Loan Bank Securities and negotiable certificates of deposit:* Valued at closing price of similar instruments with comparable durations reported on the active market on which the individual securities are traded.

Federated Hermes Govt Obligations IS Money Market Fund: Valued at closing prices on the active market on which the assets are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the District believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

#### 11. Capital Assets

Capital assets, which include land, construction in progress, buildings and improvements, land improvements, and equipment, are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial individual or group cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The District's right to use assets are recorded at an amount equal to the related subscription liability (Note E) and are amortized on a straight-line basis over the remaining term of the related agreement.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Depreciation of capital assets is provided over the estimated useful lives using the straight-line method over the following estimated useful lives:

| Assets                     | <u>Years</u> |
|----------------------------|--------------|
| Buildings and Improvements | 20-40        |
| Land improvements          | 20-50        |
| Equipment                  | 5 - 20       |

Construction in progress is stated at cost, and includes engineering, design, material and labor costs incurred for planned construction. No provision for depreciation is made on the construction in progress until the asset is completed and placed in service.

NOTES TO THE FINANCIAL STATEMENTS
June 30, 2023

#### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### 12. Accumulated Unpaid Vacation and Sick Pay

Under terms of employment, employees are granted sick leave and vacations in varying amounts. Only benefits considered to be vested are disclosed in these statements.

All vested vacation is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements, or are payable with expendable available resources.

Payments for vacation will be made at rates in effect when the benefits are used. Accumulated vacation liabilities at June 30, 2023 are determined on the basis of current salary rates and include salary related payments.

Vacation benefits are granted to employees in varying amounts up to specified maximums depending on tenure with the District. Unused vacation time can accumulate and carryover to subsequent years up to specified maximums.

Unused sick days can be carried over and teachers that have been employed for five or more years are entitled to be paid for the past five years of unused sick days. This will be paid out at 50% of a regular teacher's daily rate. Due to the nature of the policies on sick leave, and the fact that any liability is contingent upon future events and cannot be reasonably estimated, no liability is provided in the financial statements for accumulated unpaid sick leave.

#### 13. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts and losses on refunding of bonds, are deferred and amortized over the life of the applicable bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed as incurred.

In the fund financial statements, governmental funds recognize bond premiums and discounts, losses on refunding, and bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from actual proceeds, are reported as debt service expenditures.

## 14. Personal Property Replacement Taxes

Personal property replacement tax revenues are first allocated to the Municipal Retirement/Social Security Fund with the balance allocated at the discretion of the District.

NOTES TO THE FINANCIAL STATEMENTS
June 30, 2023

#### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### 15. Pensions and Other Postemployment Benefits

For purposes of measuring the net pension liability and other postemployment benefits (OPEB) liability, deferred outflows of resources and deferred inflows of resources related to pensions and OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plan and additions to/deductions from the pension/OPEB plan's fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan, except for TRS. For TRS, these items have been determined based on the District's proportionate contractual contributions to the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are stated at fair value.

#### 16. Restricted Net Position

For the government-wide financial statements, net position is reported as restricted when constraints placed on net position are either: (1) externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments, (2) imposed by law through constitutional provisions, or (3) imposed by enabling legislation. The District's restricted net position was restricted as a result of enabling legislation.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, and then unrestricted resources, as the resources are needed.

#### 17. Fund Balance

In the fund financial statements, governmental funds report five components of fund balance: nonspendable, restricted, committed, assigned, and unassigned.

- a. *Nonspendable* includes amounts that cannot be spent because they are either not in spendable form or legally or contractually required to be maintained intact. The nonspendable in form criteria includes items that are not expected to be converted to cash such as prepaid items or inventories. Additionally, the nonspendable in form criteria includes the lease receivable in excess of deferred inflows related to unavailable lease revenue to be received in the future.
- b. *Restricted* refers to amounts that are subject to outside restrictions such as creditors, grantors, contributors, laws and regulations of other governments, or imposed by law through enabling legislation. Special revenue funds, as well as debt service and capital projects funds, are by definition restricted for the specific purposes described in Note A-4(b) through (d).
- c. *Committed* refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the District's highest level of decision making authority (the Board of Education). The Board of Education commits fund balances by passing a resolution. Amounts committed cannot be used for any purpose unless the District removes or changes the specific use by taking the same type of formal action it employed to previously commit those funds. The District had no committed fund balances at June 30, 2023.

NOTES TO THE FINANCIAL STATEMENTS
June 30, 2023

#### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### 17. Fund Balance (Continued)

- d. Assigned refers to amounts that are constrained by the District's intent to be used for a specific purpose, but are neither restricted or committed. Intent is expressed by an appointed body (e.g. a budget or finance committee) or official to which the Board of Education has delegated the authority to assign, modify or rescind amounts to be used for specific purposes. The District has not delegated this authority to an appointed body or official. The District's student activity balance of \$171,021 has been assigned at June 30, 2023 for the specific purposes described in the second paragraph of Note A-4(a).
- e. *Unassigned* refers to all spendable amounts not contained in the other four classifications described above. The general fund is the only fund that may report a positive unassigned fund balance amount. In funds other than the general fund, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

Unless specifically identified, expenditures act to reduce restricted balances first, then committed balances, next assigned balances, and finally they act to reduce unassigned balances. Expenditures for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

The nonspendable fund balance in the Operations and Maintenance Fund consists of \$1,225 for the excess of the lease receivable over deferred inflows relating to the unavailable lease revenues.

#### 18. Use of Estimates

In preparing financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources and disclosure of contingent assets and liabilities, deferred outflows of resources, liabilities, and deferred inflows of resources at the date of the financial statements, and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

#### NOTE B - DEPOSITS AND INVESTMENTS

The District's investment policy is in line with State Statutes. The investments that the District may purchase are limited by Illinois law to the following: (1) securities that are fully guaranteed by the U.S. government as to principal and interest; (2) certain U.S. government agency securities; (3) interest-bearing savings accounts, interest-bearing certificates of deposit or time deposits or any other investments constituting direct obligations of any bank as defined by the Illinois Banking Act; (4) short-term discount obligations of corporations organized in the United States with assets exceeding \$500,000,000; (5) interest-bearing bonds of any county, township, city, village, incorporated town, municipal corporation or school district; (6) fully collateralized repurchase agreements; (7) the State Treasurer's Illinois and Prime Funds; and (8) money market mutual funds and certain other instruments.

NOTES TO THE FINANCIAL STATEMENTS June 30, 2023

## NOTE B - DEPOSITS AND INVESTMENTS (Continued)

At June 30, 2023, the District's cash and investments consisted of the following and for disclosure purposes, are segregated as follows:

|   | _        | Total      |
|---|----------|------------|
| Deposits with financial institutions*                     | <u>;</u> | (397,222)  |
| Illinois School District Liquid Asset Fund Plus (ISDLAF+) |          | 20,855,150 |
| Federated Hermes Govt Obligations IS Money Market Fund    |          | 2,270,287  |
| Other investments   | _        | 10,804,143 |
| \$  | ;        | 33,532,358 |

<sup>\*</sup> includes accounts held in demand and savings accounts and money market savings accounts, which are valued at cost.

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The District has the following recurring fair value measurements as of June 30, 2023:

|                                   | Fair Value Measurement |    |            |    |         |    |            |

NOTES TO THE FINANCIAL STATEMENTS
June 30, 2023

#### NOTE B - DEPOSITS AND INVESTMENTS (Continued)

#### 1. <u>Interest Rate Risk</u>

Interest rate risk is the risk that changes in interest rates will adversely affect the value of an investment. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, a periodic review of the investment portfolio is performed to ensure performance is consistent with the safety, liquidity, rate of return, diversification and overall performance the District needs. The District maintains a portfolio that is sufficiently liquid to meet all operating requirements as the requirements come due. Maturity information on other investments is shown in the table below.

|  |              |                       |                         | _   | Investm                 | Maturity |                                |

#### 2. Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State law limits investments in commercial paper, corporate bonds and mutual funds to the top two ratings issued by nationally recognized statistical rating organizations (NRSROs).

The Illinois School District Liquid Asset Fund Plus (ISDLAF+) is a not-for-profit pooled investment trust formed pursuant to the Illinois Municipal Code and managed by a Board of Trustees, elected from participating members. The trust is not registered with the SEC as an investment company. Investments are rated AAA and are valued at share price, which is the price for which the investment could be sold.

The Districts investments in negotiable certificates of deposit and money market mutual funds are not rated. The District's investments in FHLB notes are rated Aaa by Moodys and AA+ by S&P.

NOTES TO THE FINANCIAL STATEMENTS
June 30, 2023

#### NOTE B - DEPOSITS AND INVESTMENTS (Continued)

#### 3. Concentration of Credit Risk

The District's investment policy requires diversification of the investment portfolio to minimize the risk of loss resulting from overconcentration in a particular type of security, risk factor, issuer, or maturity. The policy requires diversification strategies to be determined and revised periodically by the District's Investment Officer to meet the District's ongoing need for safety, liquidity, and rate of return.

#### 4. Custodial Credit Risk

With respect to deposits, custodial credit risk is the risk that, in the event of a bank failure, the District's deposits may not be returned to it. The District's investment policy limits the exposure to deposit custodial credit risk by providing that all deposits in excess of FDIC insurable limits may be secured by collateral to protect against an event of default or failure of the financial institution holding the funds. At June 30, 2023, the bank balances of the District's deposits with financial institutions totaled \$1,228,533, all of which is either insured or collateralized.

With respect to investments, custodial credit risk is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District's investment policy limits the exposure to investment custodial credit risk by requiring that all investments be in high quality investment pools and/or secured by private insurance or collateral.

#### NOTE C - PROPERTY TAXES RECEIVABLE

The District must file its tax levy resolution by the last Tuesday in December of each year. The tax levy resolution was approved by the Board on November 16, 2022. The District's property tax is levied each year on all taxable real property located in the District and it becomes a lien on the property on January 1 of that tax year. The owner of real property on January 1 (the lien date) in any year is liable for taxes of that year. The District's annual property tax levy is subject to two statutory limitations: individual fund rate ceilings and the Property Tax Extension Limitation Act (PTELA).

The County Clerk adds the Equalized Assessed Valuation of all real property in the District to the valuation of property assessed directly by the state (to which the Equalization Factor is not applied) to arrive at the base amount (the Assessment Base) used to calculate the annual tax rates, as described above. The Equalized Assessed Valuation for the extension for the 2022 tax levy was \$791,958,636.

Property taxes are collected by the Lake County Collector/Treasurer, who remits to the District its share of collections. Taxes levied in one year become due and payable in two equal installments: the first due on June 1 and the second due on September 1. Property taxes are normally collected by the District within 60 days of the respective installment dates.

The portion of the 2022 property tax levy not received by June 30 is recorded as a receivable, net of estimated uncollectible amounts of 1.0%. The receivable collected within the current year or due and expected to be collected soon enough thereafter to be used to pay liabilities of the current period, less the taxes collected soon enough after the end of the previous fiscal year, are recognized as revenue. Net taxes receivable less the amount expected to be collected within 60 days are reflected as deferred inflow of resources - property taxes levied for a future period.

NOTES TO THE FINANCIAL STATEMENTS June 30, 2023

#### NOTE D - LEASE RECEIVABLE

The District leases a land parcel and tower to a cellular communications company in accordance with the terms of a lease agreement dated February 27, 2015. In addition to the original 15-year term of the agreement, the agreement also includes five, 5-year automatic renewals that expire on February 28, 2048. The agreement requires monthly minimum payments of \$2,388, with annual increases of 3%. Total lease revenue for the year ended June 30, 2023 under this arrangement was approximately \$11,188. The agreement qualifies under GASB 87 and therefore a lease receivable and deferred inflow of resources for unavailable lease revenue have been recorded at the present value of the lease payments. The lease receivable and deferred inflow of resources for unavailable lease revenue are measured at an incremental rate of return on investments of 5.00%. At June 30, 2023, future minimum lease payments to be received by the District are as follows:

| Year Ending |    |           |     |          |    |         |

NOTES TO THE FINANCIAL STATEMENTS
June 30, 2023

## NOTE F - LONG-TERM LIABILITIES (Continued)

## 3. General Obligation Bonds - Direct Placement

At June 30, 2023, the District's future cash flow requirements for retirement of bond principal and interest for direct placement general obligation bonds was as follows:

| Year Ending |    |           |    |           |    |           |
|-------------|----|-----------|----|-----------|----|-----------|
| June 30,    |    | Principal | _  | Interest  | _  | Total     |
|             | •  |           | _  | _         | _  |           |
| 2024        | \$ | 1,105,000 | \$ | 738,806   | \$ | 1,843,806 |
| 2025        |    | 4,965,000 |    | 567,606   |    | 5,532,606 |
| 2026        |    | -         |    | 424,106   |    | 424,106   |
| 2027        |    | -         |    | 300,505   |    | 300,505   |
| 2028        |    | -         |    | 277,432   |    | 277,432   |
| 2029-2033   | -  | 410,000   | _  | 1,080,708 | _  | 1,490,708 |
|             | •  |           | -  | _         | -  |           |
| Total       | \$ | 6,480,000 | \$ | 3,389,163 | \$ | 9,869,163 |

These payments will be made from amounts budgeted from the debt service tax levies in future periods. There is \$5,044,965 in the Debt Service Fund to service the outstanding bonds payable.

In prior years, the District defeased certain general obligation bonds and other bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased debt are not included in the District's financial statements. At June 30, 2023, \$30,680,000 of bonds principal outstanding are considered defeased.

The District is subject to the Illinois School Code, which limits the bond indebtedness to 6.9% of the most recent available equalized assessed valuation of the District. As of June 30, 2023, the statutory debt limit for the District was \$54,645,145, of which \$22,803,252 is fully available.

#### 4. Debt Certificates - Direct Placement

The Series 2020 debt certificates bear interest at 1.11% and mature in November 2024. At June 30, 2023, the District's future cash flow requirements for the retirement of principal and interest were as follows:

| Year Ending June 30, | -  | Principal          | Interest             | Total                    |
|----------------------|----|--------------------|----------------------|--------------------------|
| 2024<br>2025         | \$ | 590,000<br>200,000 | \$<br>5,495<br>1,110 | \$<br>595,495<br>201,110 |

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2023

#### NOTE F - LONG-TERM LIABILITIES (Continued)

#### 5. <u>Subscription Liabilities</u>

The District has entered into subscription-based information technology arrangements with various vendors for the use of cloud-based accounting software. The arrangements have terms of two to six years. Some arrangements are paid at commencement, with some having annual payments. The total contractual payments over the term of the arrangement amount to \$742,947. The total contractual payments remaining on the arrangements amount to \$101,893 and are recognized as a subscription liability in the statement of net position.

At June 30, 2023, the District's future cash flow requirements for the retirement of subscription liability principal and interest are as follows:

| Year ending June 30, |     | Principal        |     | Interest       |     | Total            |
|----------------------|-----|------------------|-----|----------------|-----|------------------|
| 2024<br>2025         | \$  | 60,679<br>41,214 | \$  | 5,094<br>2,061 | \$  | 65,773<br>43,275 |
| Total                | \$_ | 101,893          | \$_ | 7,155          | \$_ | 109,048          |

#### 6. Compensated Absences

At June 30, 2023 compensated absences amounted to \$72,551. Future payments will be made from the same fund where the employee's salary is recorded.

#### NOTE G - PENSION AND OTHER RETIREMENT PLANS

#### 1. Teachers' Retirement System of the State of Illinois

#### **General Information about the Pension Plan**

#### Plan Description

The District participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active nonannuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at https://www.trsil.org/financial/acfrs/fy2022; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling 888-678-3675, option 2.

NOTES TO THE FINANCIAL STATEMENTS
June 30, 2023

#### NOTE G - PENSION LIABILITIES (Continued)

#### 1. Teachers' Retirement System of the State of Illinois (Continued)

#### **General Information about the Pension Plan** (Continued)

#### Plan Description (Continued)

As a multi-employer cost sharing pension plan, TRS employs a methodology to allocate the pension liabilities to each individual district based off of the actual contributions a District makes to the plan in a fiscal year and is re-measured annually, and thus the timing of receipt of contribution payments from the District or refunds made by TRS to the District can have a significant impact on the District's allocation of the net pension liability that may not be reflective of the District's portion of the total contractual contribution to the Plan. The net pension liability as a whole is a significant accounting estimate that takes into account several assumptions and allocations.

#### Benefits Provided

TRS provides retirement, disability, and death benefits. Tier I members have TRS or reciprocal system service prior to January 1, 2011. Tier I members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest consecutive years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service.

Tier II members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the highest four. Disability provisions for Tier II are identical to those of Tier I. Death benefits are payable under a formula that is different from Tier I.

Essentially all Tier I retirees receive an annual three percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier II annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier III hybrid retirement plan, but it has not yet gone into effect. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2026. One program allows retiring Tier I members to receive a partial lump-sum payment in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier I and II members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs began in 2019 and are funded by bonds issued by the state of Illinois.

#### NOTE G - PENSION LIABILITIES (Continued)

#### 1. Teachers' Retirement System of the State of Illinois (Continued)

#### General Information about the Pension Plan (Continued)

#### **Contributions**

The state of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2022, was 9.0 percent of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

#### On-behalf Contributions to TRS

The state of Illinois makes employer pension contributions on behalf of the employer. For the year ended June 30, 2023, state of Illinois contributions recognized by the District were based on the state's proportionate share of the collective net pension liability associated with the District, and the District recognized revenue and expenses of \$14,004,049 in the governmental activities based on the economic resources measurement basis and revenues and expenditures in the amount of \$12,577,462 in the General Fund based on the current financial resources measurement basis.

#### 2.2 Formula Contributions

Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2023, were \$153,694, and are deferred because they were paid after the June 30, 2022 measurement date.

#### Federal and Special Trust Fund Contributions

When TRS members are paid from federal and special trust funds administered by the employer, there is a statutory requirement for the employer to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

NOTES TO THE FINANCIAL STATEMENTS

#### NOTE G - PENSION LIABILITIES (Continued)

## 1. Teachers' Retirement System of the State of Illinois (Continued)

#### General Information about the Pension Plan (Continued)

Contributions (Continued)

Federal and Special Trust Fund Contributions (Continued)

For the year ended June 30, 2023, the employer pension contribution was 10.49 percent of salaries paid from federal and special trust funds. For the year ended June 30, 2023 salaries totaling \$236,672 were paid from federal and special trust funds that required employer contributions of \$24,827.

#### **Early Retirement Cost Contributions**

Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The District is required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary.

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2023, the District paid \$13,329 to TRS for employer contributions due on salary increases in excess of 6 percent and \$0 for sick leave days granted in excess of the normal annual allotment.

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2023, the District reported a liability for its proportionate share of the net pension liability (first amount shown below) that reflected a reduction for state pension support provided to the District. The state's support and total are for disclosure purposes only. The amount recognized by the District as its proportionate share of the net pension liability, the related state support, and the total portion of the net pension liability that was associated with the District were as follows:

| District's proportionate share of the net pension liability                           | \$  | 2,055,246   |
|---|-----|-------------|
| State's proportionate share of the net pension liability associated with the District | _   | 178,278,975 |
|   | Φ.  | 100 224 221 |
| Total   | \$_ | 180,334,221 |

#### NOTE G - PENSION LIABILITIES (Continued)

## 1. Teachers' Retirement System of the State of Illinois (Continued)

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2021, and rolled forward to June 30, 2022. The District's proportion of the net pension liability was based on the District's share of contributions to TRS for the measurement year ended June 30, 2022, relative to the contributions of all participating TRS employers and the state during that period. At June 30, 2022, the District's proportion was 0.0024513809 percent, which was an increase of 0.0042040588 percent from its proportion measured as of June 30, 2022.

For the year ended June 30, 2023, the District recognized the following pension expense/expenditures and revenue for the support provided by the state pertaining to the District's employees:

|   | Governmental Activities | General<br>Fund |
|---|-------------------------|-----------------|
| State on-behalf contributions - revenue and expense/expenditure | \$ 14,004,049 \$        | 12,577,462      |
| District TRS pension expense (revenue)                          | (303,825)               | 153,694         |
| Total TRS expense/expenditure                                   | \$ 13,700,224 \$        | 12,731,156      |

At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|   |     | Deferred    |     | Deferred   |
|---|-----|-------------|-----|------------|
|   |     | Outflows of |     | Inflows of |
|   |     | Resources   |     | Resources  |
|   |     |             |     |            |
| Differences between expected and actual experience        | \$  | 4,131       | \$  | 11,332     |
| Net difference between projected and actual earnings on   |     |             |     |            |

#### NOTE G - PENSION LIABILITIES (Continued)

## 1. Teachers' Retirement System of the State of Illinois (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

The District reported \$153,694 as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date, which will be recognized as a reduction of the net pension liability in the reporting year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows in these reporting years:

|             | Net Deferred       |
|-------------|--------------------|
| Year ending | (Inflows) Outflows |
| June 30,    | of Resources       |
|             |                    |
| 2024        | \$ (282,847)       |
| 2025        | (511,541)          |
| 2026        | (372,970)          |
| 2027        | 290,112            |
| 2028        | 284,196            |
|             |                    |
| Total       | \$ (593,050)       |

#### **Actuarial Assumptions**

The total pension liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.25 percent

Salary increases Varies by amount of service credit

Investment rate of return 7.00 percent, net of pension plan investment expense, including inflation

In the June 30, 2022 actuarial valuation, mortality rates were based on the PubT -2010 Table with appropriate adjustments for TRS experience. The rates are based on a fully-generational basis using projection table MP-2020. In the June 30, 2021 actuarial valuation, mortality rates were based on the PubT-2010 White Collar Table with appropriate adjustments for TRS experience. The rates were used on a fully-generational basis using projection table MP-2020.

#### 1. Teachers' Retirement System of the State of Illinois (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

## Actuarial Assumptions (Continued)

The long-term (20-year) expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

| Asset Class                      | Target Allocation | Long-Term<br>Expected<br>Real Rate<br>of Return* |   |
|----------------------------------|-------------------|--|---|
| U.S. equities large cap          | 16.3              | 5.73   | % |
| U.S. equities small/mid cap      | 1.9               | 6.78   |   |
| International equities developed | 14.1              | 6.56   |   |
| Emerging market equities         | 4.7               | 8.55   |   |

#### NOTE G - PENSION LIABILITIES (Continued)

## 1. Teachers' Retirement System of the State of Illinois (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

## **Discount Rate**

At June 30, 2022, the discount rate used to measure the total pension liability was 7.00 percent, which was the same as the June 30, 2021 rate. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and state contributions will be made at the current statutorily-required rates.

Based on those assumptions, TRS's fiduciary net position at June 30, 2022 was projected to be available to make all projected future benefit payments of current active and inactive members and all benefit recipients. Tier I's liability is partially funded by Tier II members, as the Tier II member contribution is higher than the cost of Tier II benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

### Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.00 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00 percent) or 1-percentage-point higher (8.00 percent) than the current rate:

|   |              | Current       |    |             |  |
|---|--------------|---------------|----|-------------|--|
| 1% 1                                      | Decrease     | Discount Rate |    | 1% Increase |  |
| (6  | 6.00%)       | (7.00%)       |    | (8.00%)     |  |
| District's proportionate share of the net | _            | _             |    |             |  |
| pension liability \$                      | 2,513,584 \$ | 2,055,246     | \$ | 1,675,176   |  |

#### TRS Fiduciary Net Position

Detailed information about the TRS's fiduciary net position as of June 30, 2022 is available in the separately issued TRS *Annual Comprehensive Financial Report*.

NOTES TO THE FINANCIAL STATEMENTS
June 30, 2023

#### NOTE G - PENSION LIABILITIES (Continued)

#### 2. <u>Illinois Municipal Retirement Fund</u>

#### **Plan Description**

The District's defined benefit pension plan for regular employees provides retirement, disability benefits, postretirement increases, and death benefits to plan members and beneficiaries. The District's plan is managed with the Illinois Municipal Retirement Fund (IMRF), the administrator of an agent multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the <u>Benefits Provided</u> section below. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Annual Comprehensive Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. That report is available for download at www.imrf.org.

#### **Benefits Provided**

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP).

All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of 3% of the original pension amount, or 1/2 of the increase in the Consumer Price Index of the original pension amount.

#### **Employees Covered by Benefit Terms**

As of December 31, 2022, the following employees were covered by the benefit terms:

| Retirees and beneficiaries currently receiving benefits          | 149 |
|--|-----|
| Inactive plan members entitled to but not yet receiving benefits | 358 |
| Active plan members  | 205 |
| Total  | 712 |

NOTES TO THE FINANCIAL STATEMENTS
June 30, 2023

#### NOTE G - PENSION LIABILITIES (Continued)

## 2. <u>Illinois Municipal Retirement Fund</u> (Continued)

#### **Contributions**

As set by statute, the District's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's annual contribution rate for calendar year 2022 was 9.91%. For the fiscal year ended June 30, 2023 the District contributed \$673,799 to the plan. The District also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

#### **Net Pension Liability**

The District's net pension liability was measured as of December 31, 2022. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

#### **Actuarial Assumptions**

The following are the methods and assumptions used to determine total pension liability at December 31, 2022:

Actuarial Cost Method Entry Age Normal
Asset Valuation Method Market Value of Assets

Price Inflation 2.25%

Salary Increases 2.85% to 13.75%, including inflation

Investment Rate of Return 7.25%

Retirement Age Experience-based table of rates, specific to the type of eligibility condition. Last

#### NOTE G - PENSION LIABILITIES (Continued)

#### 2. <u>Illinois Municipal Retirement Fund</u> (Continued)

#### **Actuarial Assumptions** (Continued)

Long-term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table as of December 31, 2022:

|                         | Portfolio  | Long-Term          |
|-------------------------|------------|--------------------|
|                         | Target     | Expected Real Rate |
| Asset Class             | Percentage | of Return          |
|                         |            |                    |
| Domestic equities       | 35.50%     | 6.50%              |
| International equities  | 18.00%     | 7.60%              |
| Fixed income            | 25.50%     | 4.90%              |
| Real estate             | 10.50%     | 6.20%              |
| Alternative investments | 9.50%      | 6.25% - 9.9%       |
| Cash equivalents        | 1.00%      | 4.00%              |
| Total                   | 100%       | <b>-</b>           |

Other information:

Notes

There were no benefit changes during the year.

#### **Single Discount Rate**

A Single Discount Rate of 7.25% was used to measure the total pension liability as of December 31, 2022. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

- a. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
- b. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

NOTES TO THE FINANCIAL STATEMENTS June 30, 2023

## NOTE G - PENSION LIABILITIES (Continued)

## 2. <u>Illinois Municipal Retirement Fund</u> (Continued)

#### Single Discount Rate (Continued)

For the purpose of the most recent valuation, the expected rate of return on pension plan investments is 7.25%, the municipal bond rate is 4.05% (based on the daily rate closest to but not later than the measurement date of the "20-year Municipal GO AA index"), and the resulting single discount rate is 7.25%.

## **Changes in Net Pension Liability (Asset)**

The following table shows the components of the change in the District's net pension liability (asset) for the calendar year ended December 31, 2022:

|   | Total Pension Liability (A) |             |     | Plan Fiduciary Net Position (B) |     | Net Pension<br>Liability<br>(Asset)<br>(A) - (B) |  |

#### 4. Social Security/Medicare

Employees not qualifying for coverage under the Illinois Teachers' Retirement System or the Illinois Municipal Retirement Fund are considered "nonparticipating employees". These employees and those qualifying for coverage under the Illinois Municipal Retirement Fund are covered under Social Security/Medicare. The District paid the total required contribution for the current fiscal year.

### 5. TRS Supplemental Savings Plan

Illinois Teachers' Retirement System established a Supplemental Savings Plan that is available to Illinois public school teachers employed outside the city of Chicago that was required to be adopted by all public-school districts in Illinois by September 30, 2022. The Board of Education voted to adopt this plan on December 8, 2021. The Supplemental Savings Plan is a 457(b) Retirement Plan, which is a defined contribution plan. The plan assets are held in a trust and administered by a third party serving as the plan's trustee. The number of employees participating in the plan on June 30, 2023 was 6. The plan allows for both employee and the District to make contributions to the plan.

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2023

#### NOTE H - OTHER POSTEMPLOYMENT BENEFITS

#### 1. Teachers' Health Insurance Security (THIS)

#### General Information about the Other Postemployment Plan

#### Plan Description

The District participates in the Teacher Health Insurance Security Fund (THIS), a cost-sharing, multiple-employer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the city of Chicago.

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of the THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. The plan is administered by the Illinois Department of Central Management Services (CMS) with the cooperation of TRS. Section 6.6 of the State Employees Group Insurance Act of 1971 requires all active contributors to TRS who are not employees of the state to make a contribution to the THIS Fund.

The publicly available financial report of the THIS Fund may be found on the website of the Illinois Auditor General: http://www.auditor.illinois.gov/Audit-Reports/ABC-List.asp. The current reports are listed under "Central Management Services" (http://www.auditor.illinois.gov/Audit-Reports/CMS-THISF.asp). Prior reports are available under "Healthcare and Family Services" (http://www.auditor.illinois.gov/Audit-Reports/HEALTHCARE-FAMILY-SERVICES-Teacher-Health-Ins-Sec-Fund.asp).

#### Benefits Provided

The THIS Fund provides medical, prescription, and behavioral health benefits, but it does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants not enrolled in Medicare may participate in the state-administered participating provider option plan or choose from several managed care options. Annuitants who are enrolled in Medicare Parts A and B may be eligible to enroll in a Medicare Advantage plan.

#### Contributions

#### On behalf contributions to the THIS Fund

The State of Illinois makes employer retiree health insurance contributions on behalf of the District. In the fund financial statements, the State contributions are intended to match contributions to the THIS Fund from active members, which were 0.90 percent of pay during the year ended June 30, 2023. In the government-wide financial statements, State of Illinois contributions also include a proportional allocation of the State's OPEB expense (based on the portion of the District's share of the expense compared to all School Districts in aggregate). For the year ended June 30, 2023, the District recognized revenue and expenses of \$3,757,818 in the governmental activities based on the economic resources measurement basis and revenues and expenditures in the amount of \$238,490 in the General Fund based on the current financial resources measurement basis for State of Illinois contributions on behalf of the District's employees.

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2023

#### NOTE H - OTHER POSTEMPLOYMENT BENEFITS (Continued)

1. <u>Teachers' Health Insurance Security (THIS)</u> (Continued)

#### **General Information about the Other Postemployment Plan (Continued)**

Contributions (Continued)

District contributions to the THIS Fund

The District also makes contributions to the THIS Fund. The District THIS Fund contribution was 0.67 percent during the year ended June 30, 2023. For the year ended June 30, 2023, the District paid \$177,543 to the THIS Fund, which was 100 percent of the required contribution. These amounts are deferred because they were paid after the June 30, 2022 measurement date.

The percentage of employer required contributions in the future will not exceed 105 percent of the percentage of salary actually required to be paid in the previous fiscal year.

## Other Postemployment Benefit (OPEB) Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2023, the District reported a liability for its proportionate share of the net OPEB liability (first amount shown below) that reflected a reduction for state OPEB support provided to the District. The state's support and total are for disclosure purposes only. The amount recognized by the District as its proportionate share of the net OPEB liability, the related state support, and the total portion of the net OPEB liability that was associated with the District were as follows:

| District's proportionate share of the net OPEB liability        | \$<br>6,236,801  |
|---|------------------|
| State's estimated proportionate share of the net OPEB liability |                  |
| associated with the District*                                   | <br>8,484,554    |
|   |                  |
| Total   | \$<br>14,721,355 |

\* The State's proportionate share of the net OPEB liability (NOL) associated with the District is not available in the actuarial report and therefore the amount reported above is an estimate calculated by allocating the State's total NOL for the entire plan (per the actuary) based on the District's proportionate share of the NOL to all the school districts participating in the Plan. Additionally, the amounts included below related to sensitivity of the healthcare rate, discount rate and amortization of deferred inflows and outflows are based on a similar allocation methodology.

The net OPEB liability was measured as of June 30, 2022, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2021, and rolled forward to June 30, 2022. The District's proportion of the net OPEB liability was based on the District's share of contributions to THIS for the measurement year ended June 30, 2022, relative to the projected contributions of all participating THIS employers and the state during that period. At June 30, 2022, the District's proportion was 0.091119 percent, which was an increase of 0.007044 percent from its proportion measured as of June 30, 2021.

NOTES TO THE FINANCIAL STATEMENTS June 30, 2023

#### NOTE H - OTHER POSTEMPLOYMENT BENEFITS (Continued)

#### 1. Teachers' Health Insurance Security (THIS) (Continued)

Other Postemployment Benefit (OPEB) Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

For the year ended June 30, 2023, the District recognized the following for OPEB expense/expenditure and revenue pertaining to the District's employees:

|  | _    | Governmental Activities | _   | General<br>Fund |
|--|------|-------------------------|-----|-----------------|
| State on-behalf contributions - OPEB revenue and expense/expenditure | \$   | 3,757,818               | \$  | 238,490         |
| District OPEB revenue and expense/expenditure                        | _    | (2,703,467)             | _   | 177,543         |
| Total OPEB expense/expenditure                                       | \$ = | 1,054,351               | \$_ | 416,033         |

At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

|  |      | Deferred<br>Outflows of<br>Resources |     | Deferred<br>Inflows of<br>Resources |
|--|------|--------------------------------------|-----|-------------------------------------|
|  | _    | Resources                            | _   | Resources                           |

| Thereafter           | _            | 5,524,277                               |
| Total                | \$           | 19,832,258                              |

#### **Actuarial Assumptions**

The total OPEB liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Actuarial Cost Method     | Entry Age Normal, used to measure the Total OPEB Liability  |
|---------------------------|---|
| Contribution Policy       | Benefits are financed on a pay-as-you basis. Contribution rates are defined by statute. For fiscal year end June 30, 2022, contribution rates are 0.90% of pay for active members, 0.67% of pay for school districts, and 0.90% of pay for the State. Retired members contribute a percentage of premium rates. The goal of the policy is to finance current year costs plus a margin for incurred but not paid plan costs. |
| Asset Valuation Method    | Market value  |
| Investment rate of return | 2.75%, net of OPEB plan investment expense, including inflation, for all plan years.  |

NOTES TO THE FINANCIAL STATEMENTS

Other Postemployment Benefit (OPEB) Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

#### Actuarial Assumptions (Continued)

Inflation 2.25%

Salary increases Depends on service and ranges from 8.50% at 1 year of service to 3.5% at 20 or more

years of service.

Retirement Age Experience-based table of rates that are specific to the type of eligibility condition. Last

updated for the June 30, 2021, actuarial valuation.

Mortality Retirement and Beneficiary Annuitants: PubT-2010 Retiree Mortality Table, adjusted

for TRS experience. Disabled Annuitants: PubNS-2010 Non-Safety Disabled Retiree Table. Pre-Retirement: PubT-2010 Employee Mortality Table. All tables reflect future

mortality improvements using Projection Scale MP-2020.

Healthcare Trend Rate Trend rates for plan year 2023 are based on actual premium increases. For non-

medicare costs, trend rates start at 8.00% for plan year 2024 and decrease gradually to an ultimate rate of 4.25% in 2039. For MAPD costs, trend rates are 0% in 2024 to 2028, 19.42% in 2029 to 2033 and 5.81% in 2034, declining gradually to an ultimate

rate of 4.25% in 2039.

Aging Factors Based on the 2013 SOA Study "Health Care Costs - From Birth to Death".

Expenses Health administrative expenses are included in the development of the per capita

claims costs. Operating expenses are included as a component of the Annual OPEB

Expense.

#### Discount Rate

The State, school districts, and active members contribute 0.90 percent, 0.67 percent, and 0.90 percent of pay, respectively, for fiscal year 2022. Retirees contribute a percentage of the premium rate. The State also contributes an additional amount to cover plan costs in excess of contributions and investment income. Because plan benefits are financed on a pay-as-you-go basis, the single discount rate is based on a tax-exempt municipal bond rate index of 20-year general obligation bonds with an average AA credit rating as of the measurement date. A single discount rate of 1.92 percent at June 30, 2021, and 3.69 percent at June 30, 2022, was used to measure the total OPEB liability. The increase in the single discount rate, from 1.92 percent to 3.69 percent, caused the total OPEB liability to decrease by approximately \$1,448 million as of June 30, 2022.

#### 1. Teachers' Health Insurance Security (THIS) (Continued)

Other Postemployment Benefit (OPEB) Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

#### **Investment Return**

During plan year end June 30, 2022, the trust earned \$143,000 in interest, and the market value of assets at June 30, 2022, is \$378.63 million. The long-term investment return was assumed to be 2.75 percent.

#### Money-Weighted Rate of Return

The annual money-weighted rate of return was estimated based on monthly investment performance, net of investment expenses, adjusted for changing amounts actually invested. The annual money-weighted rate of return was 0.304 percent for plan year end June 30, 2022, and 0.320 percent for plan year end June 30, 2021.

#### Sensitivity of the District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net OPEB liability as of June 30, 2022 calculated using the discount rate of 3.69 percent and sensitivity since discount rates that are either one percentage point higher or lower:

|  |     | Current             |     |                       |     |                     |

NOTES TO THE FINANCIAL STATEMENTS
June 30, 2023

#### NOTE H - OTHER POSTEMPLOYMENT BENEFITS (Continued)

#### 2. Retiree Health Plan (RHP)

#### **Plan Description**

The District administers a single-employer defined benefit healthcare plan ("the Retiree Health Plan"). The benefits, benefit levels, employee contributions and employer contributions are governed by the District and may be amended by the District through its employment contracts. The plan does not issue a separate financial report.

#### **Benefits Provided**

IMRF retirees and their eligible dependents can remain as participants on District's insurance plan provided that they pay the entire premium. Coverage continues until the attainment of Medicare eligibility age by the participant. The District does not pay any portion of the cost for coverage.

#### **Employees Covered by Benefit Terms**

As of June 30, 2022 (most recent information available) the following employees were covered by the benefit terms:

| Active  | 151 |
|---|-----|
| Inactive entitled to but not yet receiving benefits | -   |
| Inactive currently receiving benefits               | 3   |
|   |     |
| Total   | 154 |

#### **Contributions**

Retirees have the option of choosing from an HMO or PPO plan through the District. Premiums for the plan are set by the Board of Education. Currently, the District contributes 0 percent to postemployment benefits. The retiree pays the entire premium.

#### NOTE H - OTHER POSTEMPLOYMENT BENEFITS (Continued)

#### 2. Retiree Health Plan (RHP) (Continued)

#### **Total OPEB Liability**

The total OPEB liability was determined by an actuarial valuation performed as of July 1, 2021 using the following actuarial methods and assumptions:

Actuarial valuation date July 1, 2021

Measurement date June 30, 2022

Actuarial cost method Entry Age Normal

Actuarial assumptions:

Inflation3.00%Discount rate4.13%Salary rate increase4.00%

Healthcare trend rate 6.00% initial - PPO & HDHP

5.50% initial - HMO 4.50% ultimate - all plans

Mortality rates IMRF employees and retirees rates are from the December 31, 2021 IMRF

Actuarial Valuation Report.

Actives - PubG.H-2010(B) Mortality Table - General (below-median income)

with future mortality improvement using Scale MP-2020.

Retirees - PubG.H-2010(B) General (below-median income), male adjusted 106% and female adjusted 105% tables, with future mortality improvement

using Scale MP-2020.

Election at Retirement 10% of IMRF employees are assumed to elect medical coverage continuation

into retirement.

Marital Status 35% of employees electing coverage continuation are assumed to be married and

to elect spousal coverage with males three years older than females.

In 2023, change in assumptions related to the discount rate (4.09% to 4.13%).

NOTES TO THE FINANCIAL STATEMENTS June 30, 2023

#### NOTE H - OTHER POSTEMPLOYMENT BENEFITS (Continued)

#### 2. Retiree Health Plan (RHP) (Continued)

#### **Discount Rate**

There are no assets accumulated in a trust or equivalent arrangement to pay retiree healthcare benefits. Per GASB 75, the discount rate should be a yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher (or equivalent quality on another rating scale). A rate of 4.13% is used, which is the S&P Municipal Bond 20-Year High-Grade Rate Index as of June 30, 2022.

#### **Changes in the Total OPEB Liability**

The following table shows the component of the change in the District's net OPEB liability for the fiscal year ended June 30, 2023 based upon a rollforward actuarial valuation from the actuarial valuation performed July 1, 2022.

|   |    | Total OPEB Liability (A) |    | lan Fiduciary Net Position (B) | _   | Net OPEB<br>Liability<br>(A) - (B) |

#### NOTE I - INTERFUND TRANSFERS

The District transferred \$597,016 to the Debt Service Fund from the Operations and Maintenance Fund for principal and interest on debt certificates.

The District transferred \$99,055 to the Debt Service Fund from the General (Educational Account) Fund for principal and interest payments on financed purchases.

The District transferred \$559,439 to the Debt Service Fund from the General (Educational Account) Fund for principal and interest payments on subscription liabilities.

NOTES TO THE FINANCIAL STATEMENTS
June 30, 2023

#### NOTE J - RISK MANAGEMENT

The District is exposed to various risks of loss related to employee health benefits; workers' compensation claims; theft of, damage to, and destruction of assets; and natural disasters. The District self-insures for some health benefits and purchases coverage against such risks, and also participates in the following public entity risk pool: Collective Liability Insurance Cooperative (CLIC) for property damage and injury claims. The District pays annual premiums to the pools for insurance coverage. The arrangements with the pools provide that the pools will be self-sustaining through member premiums, and will reinsure through commercial companies for claims in excess of certain levels established by the pools. There have been no significant reductions in insured coverage from coverage in any of the past three years nor claims that exceeded coverage.

Complete financial statements for CLIC can be obtained from its Treasurer at 624 Kenilworth, Grayslake, Illinois 60030.

The District is self-insured for its PPO health plan, high-deductible health plan, and dental plan. A third-party administrator administers claims for a monthly fee per participant. Expenditures are recorded as incurred in the form of direct contributions from the District to the third-party administrator for payment of employee health claims and administration fees. The stop-loss coverage limit for the year ended June 30, 2023 was \$65,000 for individual claims.

At June 30, 2023, total unpaid claims totaled \$510,646. These estimates are developed based on reports prepared by the administrative agent. The District does not allocate overhead costs or other nonincremental costs to the claims liability.

For the two years ended June 30, 2023 and 2022, changes in the liability for unpaid claims are as follows:

|  |    | 2023                     | _   | 2022                     |  |
|--|----|--------------------------|-----|--------------------------|--|
| Unpaid claims, beginning of fiscal year          | \$ | 400,799                  | \$  | 239,265                  |  |
| Incurred claims (including IBNRs) Claim payments | _  | 3,691,327<br>(3,581,480) | _   | 2,907,016<br>(2,745,482) |  |
| Unpaid claims, end of fiscal year                | \$ | 510,646                  | \$_ | 400,799                  |  |

#### **NOTE K - JOINT AGREEMENTS**

The District is a member of the Special Education Cooperative District of Lake County, a joint agreement that provides certain special education services to residents of many school districts. It is also a member if the risk management pools described in Note J. The District believes that, because it does not control the selection of the governing authority, and because of the control over employment of management personnel, operations, scope of public service, and special financing relationships exercised by the joint agreement governing boards, this is not included as a component unit of the District.

NOTES TO THE FINANCIAL STATEMENTS
June 30, 2023

#### NOTE L - CONTINGENCIES

#### 1. <u>Litigation</u>

The District is not involved in any significant litigation. With regard to other pending matters, the eventual outcome and related liability, if any, are not determinable at this time. No provision has been made in the accompanying financial statements for settlement costs.

#### 2. Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the District expects such amounts, if any, to be immaterial.

#### NOTE M - CONSTRUCTION COMMITMENTS

The District has contracts for construction projects which have been approved by the Board of Education at June 30, 2023. Future commitments under these contracts approximate \$1,698,000 at June 30, 2023.

#### NOTE N - SUBSEQUENT EVENTS

Management has evaluated subsequent events through November 20, 2023, the date that these financial statements were available to be issued. Management has determined that no events or transactions have occurred subsequent to the balance sheet/statement of net position date that require additional disclosure in the financial statements.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION June 30, 2023

#### 1. LEGAL COMPLIANCE AND ACCOUNTABILITY - BUDGETS

Budgets are adopted on a basis consistent with generally accepted accounting principles, except that the District does not budget for "on-behalf" contributions from the State of Illinois for the employer's share of the Teacher Retirement Pension and the Teachers' Health Insurance Security Fund OPEB. Annual budgets are adopted at the fund level for the governmental funds. The annual budget is legally enacted and provides for a legal level of control at the fund level.

- a) The Administration submits to the Board of Education a proposed operating budget for the fiscal year commencing July 1. The operating budget includes proposed expenditures and the means of financing them.
- b) Public hearings are conducted and the proposed budget is available for inspection to obtain comments.
- c) By September 30, the budget is legally adopted through passage of a resolution. By the last Tuesday in December each year, a tax levy resolution is filed with the county clerk to obtain tax revenues.
- d) Management is authorized to transfer budget amounts, provided funds are transferred between the same function and object codes. The Board of Education is authorized to transfer up to a legal level of 10% of the total budget between functions within a fund; however, any revisions that alter the total expenditures of any fund must be approved by the Board of Education after the public hearing process mandated by law.
- e) Formal budgetary integration is employed as a management control device during the year for the governmental funds.
- f) The budget amounts shown in the financial statements are as originally adopted by the Board of Education on September 7, 2022.
- g) All budgets lapse at the end of the fiscal year.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION June 30, 2023

#### 2. EXPENDITURES IN EXCESS OF BUDGETS

The following funds had expenditures in excess of budget at June 30, 2023:

| Fund                       | <br>Amount      |
|----------------------------|-----------------|
|                            |                 |
| General                    | \$<br>3,022,627 |
| Operations and Maintenance | 66,159          |
| Transportation             | 196,540         |
| Debt Service               | 7,440,321       |
| Capital Projects           | 2,380,578       |

Expenditures exceeded budget in the Debt Service Fund, partially due to the current refunding of \$6,460,000 of General Obligation Refunding School Bonds, Series 2012.

#### 3. <u>BUDGET RECONCILIATION</u>

The Statement of Revenues, Expenditures, and Changes in Fund Balance - Governmental Funds (GAAP basis) includes "on-behalf" payments received and made for the amounts contributed by the state of Illinois for the employer's share of the Teachers' Retirement System pension and the Teachers' Health Insurance Security Fund pension. The District does not budget for these amounts. The differences between the budget and GAAP basis are as follows:

|                                   | Revenues |            |    | Expenditures |
|-----------------------------------|----------|------------|----|--------------|
| General fund - budgetary basis \$ | <b>S</b> | 47,960,004 | \$ | 50,089,658   |
| On-behalf payments received       |          | 12,815,952 |    | -            |
| On-behalf payments made           |          | -          | _  | 12,815,952   |
| General fund - GAAP basis \$      | S_       | 60,775,956 | \$ | 62,905,610   |

#### 3. CHANGES OF ASSUMPTIONS - TEACHERS' RETIREMENT SYSTEM OF THE STATE OF ILLINOIS

For the 2022 measurement year, the assumed investment rate of return was 7.00 percent, including an inflation rate of 2.50 percent and a real return of 4.50 percent. Salary increases were assumed to vary by service credit. These actuarial assumptions were based on an experience study dated September 30, 2021.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION June 30, 2023

## 3. <u>CHANGES OF ASSUMPTIONS - TEACHERS' RETIREMENT SYSTEM OF THE STATE OF ILLINOIS</u> (Continued)

For the 2021 - 2016 measurement years, the assumed investment rate of return was 7.00 percent, including an inflation rate of 2.25 percent and a real return of 4.75 percent. Salary increases were assumed to vary by service credit. The assumptions used for the 2020 - 2018 and 2017 - 2016 measurement years were based on an experience study dated September 30, 2018 and August 13, 2015, respectively.

For the 2015 measurement year, the assumed investment rate of return was 7.50 percent, including an inflation rate of 3.00 percent and real return of 4.50 percent. Salary increases were assumed to vary by service credit. Various other changes in assumptions were adopted based on the experience analysis for the three-year period ending June 30, 2014.

## 4. <u>SUMMARY OF ACTUARIAL METHODS AND ASSUMPTIONS USED IN THE CALCULATION</u> OF THE 2022 IMRF CONTRIBUTION RATE\*

#### **Valuation Date:**

Notes Actuarially determined contribution rates are calculated as of

December 31 each year, which are 12 months prior to the beginning of

the fiscal year in which contributions are reported.

#### Methods and Assumptions Used to Determine the 2022 Contribution Rate:

Actuarial Cost Method Aggregate Entry Age Normal
Amortization Method Level Percentage of Payroll, Closed

Remaining Amortization Period Non-Taxing bodies: 10-year rolling period.

Taxing bodies (Regular, SLEP, and ECO groups): 21-year closed

Early Retirement Incentive Plan liabilities: a period up to 10 years

selected by the Employer upon adoption of ERI.

SLEP supplemental liabilities attributable to Public Act 94-712 were financed over 16 years for most employers (five employers were financed over 17 years; one employer was financed over 18 years; two employers were financed over 19 years; one employer was financed over 20 years; three employers were financed over 25 years; four employers were financed over 26 years and one was financed over 27

years).

Asset Valuation Method 5-year smoothed market; 20% corridor

## NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION June 30, 2023

Wage Growth 2.75% Price Inflation 2.25%

Salary Increases 2.85% to 13.75%, including inflation

Investment Rate of Return 7.25%

Retirement Age Experience-based table of rates that are specific to the type of

eligibility condition. Last updated for the 2020 valuation pursuant to

an experience study of the period 2017-2019.

Mortality For non-disabled retirees, the Pub-2010, Amount-Weighted, below-

median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality

improvements projected using scale MP-2020.

#### **Other Information:**

Notes There were no benefit changes during the year.

#### **Change in Assumptions:**

For the 2022 measurement year, the assumed investment rate of return was 7.25 percent, including an inflation rate of 2.25 percent and a real return of 5.00 percent.

For the 2021, 2020, 2019 and 2018 measurement years, the assumed investment rate of return was 7.25 percent, including an inflation rate of 2.50 percent and a real return of 4.75 percent.

For the 2017, 2016, 2015 and 2014 measurement years, the assumed investment rate of return was 7.50 percent, including an inflation rate of 2.50 percent and a real return of 5.00 percent.

<sup>\*</sup> Based on Valuation Assumptions used in the December 31, 2020 actuarial valuation.

## NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION June 30, 2023

## 5. <u>SUMMARY OF ACTUARIAL METHODS AND ASSUMPTIONS USED IN THE CALCULATION OF THE 2022 THIS CONTRIBUTION RATE</u>

#### **Valuation Date:**

Notes Actuarially determined contribution rates are calculated as of June 30

each year, 12 months prior to the fiscal year in which contributions are

reported.

Valuation Date June 30, 2021 Measurement Date June 30, 2022 Fiscal Year End June 30, 2023

#### Methods and Assumptions Used to Determine the 2022 Contribution Rate:

Actuarial Cost Method Entry Age Normal, used to measure the Total OPEB Liability

Contribution Policy Benefits are financed on a pay-as-you-go basis. Contribution rates are

defined by statue. For fiscal year end June 30, 2022, contribution rates are 0.90% of pay for active members, 0.67% of pay for school districts, and 0.90% of pay for the State. Retired members contribute a percentage of premium rates. The goal of the policy is to finance current year costs plus a margin for incurred but not paid plan costs.

Asset Valuation Method Market value

Investment Rate of Return 2.75%, net of OPEB plan investment expense, including inflation, for

all plan years.

Single equivalent discount rate 3.69 % Price Inflation 2.25 %

Salary Increases Depends on service and ranges from 8.50% at 1 year of service to

3.50% at 20 or more years of service.

Retirement Age Experience-based table of rates that are specific to the type of

eligibility condition. Last updated for the actuarial valuation as of June

30, 2021.

Mortality Retirement and Beneficiary Annuitants: PubT-2010 Retiree Mortality

Table, adjusted for TRS experience. Disabled Annuitants: PubNs-2010 Non-Safety Disable Retiree Table. Pre-Retirement: PubT-2010 Employee Mortality Table. All tables reflect future mortality

improvements using Projection Scale MP-2020.

## NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION June 30, 2023

## 5. <u>SUMMARY OF ACTUARIAL METHODS AND ASSUMPTIONS USED IN THE CALCULATION</u> <u>OF THE 2022 THIS CONTRIBUTION RATE</u> (Continued)

#### Methods and Assumptions Used to Determine the 2022 Contribution Rate: (Continued)

Healthcare Cost Trend Rates Trend rates for plan year 2023 are based on actual premium increases.

For non-medicare costs, trend rates start at 8.00% for plan year 2024 and decrease gradually to an ultimate rate of 4.25% in 2039. For Medicare Advantage prescription drug (MAPD) costs, trend rates are 0% in 2024 to 2028, 19.42% in 2029 to 2033 and 5.81% in 2034,

declining gradually to an ultimate rate of 4.25% in 2039.

Aging Factors Based on the 2013 SOA Study "Health Care Costs - From Birth to

Death".

Expenses Health administrative expenses are included in the development of the

per capita claims costs. Operating expenses are included as a

component of the Annual OPEB Expense.

#### **Change in Assumptions:**

The Discount Rate was changed from 1.92% used in the Fiscal Year 2022 valuation to 3.69%, which is the Fixed-income municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-Year Municipal GO AA Index".

The Discount Rate was changed from 2.45% used in the Fiscal Year 2021 valuation to 1.92%, which is the Fixed-income municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-Year Municipal GO AA Index".

The Discount Rate was changed from 3.13% used in the Fiscal Year 2020 valuation to 2.45%, which is the Fixed-income municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-Year Municipal GO AA Index".

The Discount Rate was changed from 3.56% used in the Fiscal Year 2018 valuation to 3.62%, for Fiscal Year 2019, and from 3.62% used in the Fiscal Year 2019 valuation to 3.13% in Fiscal Year 2020, which is the Fixed-income municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-Year Municipal GO AA Index".
