PART D - EXPLANATION OF ACCOUNTING PRACTICES FOR LATE MANDATED CATEGORICAL PAYMENTS

(For School Districts who report on an Accrual/Modified Accrual Accounting Basis only)

School districts that report on the accrual/modified accrual basis of accounting must identify where late mandated categorical payments (Acct Codes 3100, 3120, 3500, 3510, 3950) are recorded. Payments should only be listed once.

24. Enter the date that the district used to accrue mandated categorical payments Date: 08/31/2023

25. For the listed mandated categorical (Revenue Code (3100, 3120, 3500, 3510, 3950) that were vouchered prior to June 30, but not released until after year end as reported in ISBE Financial Reimbursement Information System (FRIS), enter the amounts that were accrued in the chart below.

Current Year Payment on Contracts For Indirect Cost Rate Computation

Please do not remove and reinsert this tab from the workbook or paste into this tab. The AFR will be returned to the auditor if this tab is completed incorrectly.

This schedule is to calculate the amount allowed on contracts obligated by the school district for the Indirect Cost Rate calculation. The contracts should be only for purchase services and not for salary contracts. Do not include contracts for Capital Outlay (500) or Non-Capitalized Equipment (700) on this schedule. They are excluded from the Indirect Cost Rate calculation.

To determine the applicable contracts for this schedule, they must meet ALL three qualifications below:

- 1. The contract must be coded to one of the combinations listed on the icon below.
- 2. The contract must meet the qualifications below on the "Subaward & Subcontract Guidance" and the "Indirect Cost Rate Plan" (Sub-agreement for Services).
- 3. Only list contracts that were paid over \$25,000 for the fiscal year.

Use the resources to the right to determine if the contract should be listed below.

Indirect Cost Rate Plan

Column A, B, C, D below must be completed for each contract. Enter Column B without hypens. Ex) 101000600

Column (E) and (F) are calculated automatically based on the information provided in Columns (A through D).

The amount in column (E) is the amount allowed on each contract in the Indirect Cost Rate calculation. The amount in column (F) is the amount that will be deducted from the base in the indirect cost rate (tab 41) for Program Year 2025.

Enter Fund-Function-Object Name, Where the Expenditure was Recorded (Column A)	Fund- Function- Object Number (Column B)	Enter Contracted Company Name (Column C)	Enter Current Year Amount Paid on Contract (must be less than or equal to amount reported in the AFR's "Expenditures 16-24" tab) (Column D)	Contract Amount Applied to the Indirect Cost Rate Base (Column E)	Contract Amount deducted from the Indirect Cost Rate Base (Column F)

INDEPENDENT AUDITORS' REPORT ON SUPPLEMENTARY INFORMATION

To the Members of the Board of Education Community Consolidated School District 46 Grayslake, Illinois

We have audited the financial statements of the governmental activities and each major fund of Community Consolidated School District 46 (the District) as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements. We have issued our report thereon dated, November 20, 2023 which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on those financial statements that collectively comprise the basic financial statements.

The accompanying Annual Financial Report is presented for purposes of additional analysis and is not a required part of the basic financial statements. As described more fully in Note A, this regulatory-based financial report is issued to comply with regulatory provisions prescribed by the Illinois State Board of Education, which is a basis of accounting other than, and differs from, accounting principles generally accepted in the United States of America (U.S. GAAP). It is intended to assure effective legislative and public oversight of school district financing and spending activities of accountable Illinois public school districts. The effects on the Annual Financial Report of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

The accompanying Basic Financial Statements, Supplementary Schedules, and Notes to the Annual Financial Report, as listed in the table of contents of this Annual Financial Report, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, that information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Management is responsible for the other information included in this Annual Financial Report. The other information comprises the financial profile information, estimated financial profile summary, statistical section, report on shared services or outsourcing, administrative cost worksheet, itemization schedule, reference page, deficit reduction calculation, and audit checklist/balancing schedule, as listed in the table of contents sections, but does not include the basic financial statements and our auditor's report thereon (referred to in the first paragraph of this report). Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

(Continued)

(Continued)

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

The answers to questions contained in the "Auditor's Questionnaire" and related comments are based solely on the procedures performed and data obtained during our audit of the basic financial statements of the District as of and for the year ended June 30, 2023.

Purpose of this Report

The purpose of this report is solely to comply with the regulatory provisions prescribed by the Illinois State Board of Education as described above and in Note A and not intended to be the District's primary presentation of its financial position and changes in its financial position. Accordingly, this report is not suitable for any other purpose.

NOTE TO THE ANNUAL FINANCIAL REPORT June 30, 2023

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This annual financial report for Community Consolidated School District 46 (the District) is supplementary information and is presented to conform to the regulatory provisions prescribed by the Illinois State Board of Education (regulatory basis), which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP), as applicable to Illinois school districts. The significant differences between this regulatory basis annual financial report and the District's annual financial statements (which are presented in accordance with GAAP) are as follows:

The District's annual financial statements contain entity-wide statements that are not included in this regulatory basis annual financial report.

This regulatory basis annual financial report uses the modified accrual basis of accounting and the annual financial statements use both the accrual and modified accrual basis of accounting.

The basic financial statements of this regulatory basis annual financial report while similar to the governmental fund financial statements of the annual financial statements, present individual funds for Educational, Working Cash, and Tort while these funds are combined and presented as the General fund within the governmental funds of the District's annual financial statements. Additionally, the amounts presented as deferred inflows of resources on the governmental funds of the District's annual financial statements are reported as deferred revenues on this regulatory basis report.

The regulatory basis annual financial report utilizes account groups, explained below, while the annual financial statements does not.

1. General Fixed Assets and General Long-Term Debt Account Groups

Account groups are used to establish accounting control and accountability for the District's capital assets and general long-term debt. The accounting and financial reporting treatment applied to the capital assets and long-term liabilities associated with a fund are determined by its measurement focus.

Capital assets have been acquired for general governmental purposes. At the time of purchase, assets are recorded as expenditures paid in the governmental funds and capitalized, at cost, in the General Fixed Assets Account Group. Donated capital assets are listed at acquisition value as of the date of acquisition. Depreciation and amortization accounting is not applicable, except to determine the per capita tuition charge.

Long-term liabilities expected to be financed from governmental funds are accounted for in the General Long-Term Debt Account Group, not in the governmental funds. The debt recorded in the District's General Long-Term Debt Account Group consists of general obligation bonds, debt certificates and financed purchases, and subscription liabilities.

The two account groups are not "funds." Account groups are concerned only with the measurement of financial position. Account Groups are not involved with measurement of the results of operations.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fund Balances

In the fund financial statements, the governmental funds report five components of fund balance: no spendable, restricted, committed, assigned, and unassigned (the definitions for which are included in the notes in the District's annual financial statements). The Regulatory Model, followed by the District, only reports reserved and unreserved fund balances. Below are definitions of the Regulatory Basis components and a reconciliation of how these balances are reported.

Reserved Fund Balances are those balances that are reserved for a specific purpose, other than the regular purpose of any given fund.

Unreserved Fund Balances are those balances that are not reserved for a specific purpose, other than the regular purpose of any given fund.

The first five columns of the following table represents Fund Balance Reporting according to GAAP. The last two columns represent Fund Balance Reporting under the regulatory basis of accounting utilized in preparation of the annual financial report.
