

The Grayslake Arts Alliance is in need of YOUR creativity!

Our annual MayFest event is coming up on Saturday, May 3 at the Grayslake Heritage Center and Museum and we'd love to feature the artwork of our Grayslake area students to advertise!

Students are encouraged to create artwork in their style and choice of medium that depicts SPRING. Think blossoming trees, flowers in bloom, baby animals, all the colors & textures of the season. The members of the Grayslake Arts Alliance will vote for their favorite design entries and the entry with the most votes will be featured in our printed advertising posters around Grayslake and on our social media pages with credit to the artist!

The second place and third place designs will also be used for advertising on our social media platforms with credit to the artists. ALL entries will be on display in a professional gallery setting as part of our MayFest event which is open to the public for viewing. The first place winner also receive \$50, second place will receive \$25 and third place will receive \$15.

Parents, please email a clear photograph of your child's entry to President@GrayslakeArtsAlliance.org with the following information: Your child's name, age, the school they attend, title of the artwork and the art medium used to create it. Entries will be accepted from March 5 through April 5. Our artists can't wait to see your artists work!
