

The meeting was held in the MPR at PV; doors opened at 5:45 PM; we had three parents attend the meeting before 6:00 PM one parent joined the meeting at 6:35 PM.

Old Business- Ms. Bowgren went over points from the previous meeting; Ms. Alvarado-Esparza was not familiar with the EL EBF; Ms. Bowgren said she would send her this information.

New Business- MPAC members discussed the following points:

- Claudia shared with the committee that registrations are low; 20 families at the time of the meeting.
 - The parents shared that they did not get the google form to their personal emails. There was a discussion about what form of communication works best for our ML families as most have not activated their Parent Square account. Ms. Jaqueline Martinez said that a hard copy of the form and flyer worked best in previous years. Our goal is to help parents sign up and become familiar with the Parent Squared app; the final decision was to move forward with teachers sending the google form to the parents' personal email and to print the physical form with the students.
 - Due to current circumstances, the committee also discussed the possibility of having the upcoming community event be virtual. It was suggested that we sent materials home with all ML students in our district; the reality is that there are over 630 students in the department and it would be too costly to send a kit home with each one of the students. The committee came to the conclusion that it would be best to extend the sign up period and update the form with a virtual option for our families. We will be sending out the same materials we will be using at the community event with those students whose parents have chosen the virtual option.
 - Wednesday October 15th, Claudia will advise the committee members how many families have signed up for the community event both in person and online.
 - The Parent Committee agreed to participate as helpers to set up for the MPAC event.

Pending topics-

- Following are the topics to be discussed during the next meeting which will be held on 12/08/2025.
 - The Parents Committee will elect the Vice president and Secretary.
 - The MPAC team logo will be determined
